Important events to be reported:

Update on all litigations between a Litigant shareholder and Fondul Proprietatea SA (the "Fund")

Franklin Templeton Investment Management Ltd. United Kingdom Bucharest Branch ("FTIML Bucharest Branch / The Fund Manager"), in its capacity as Sole Administrator and Fund Manager of the Fund, would like to update shareholders and investors on all cases between a minority shareholder, Ioana Sfiraiala (the "Litigant") and the Fund, as set out in the table attached as an Annex to this report.

As previously reported, the Litigant has started more than 80 legal actions in court against the Fund, many of them having as subject the blocking of the registration with the Trade Registry of the Fund's shareholders' resolutions. In addition, the Litigant's behaviour during court hearings of these files has resulted in exceptional delays and fines against the Litigant.

In our opinion, these actions constituted an abuse of shareholder's rights and procedural rights, interfering in the normal functioning of the Fund and causing serious delays in the implementation of the decisions of the Fund's shareholders. Our opinion is supported by the Litigant's behaviour, the numerous courts fines, and by over 50 court decisions in favour of the Fund in these files to present date.

Unfortunately, certain shareholder resolutions cannot be implemented until published in the Official Gazette and the Litigant's actions delayed this event until the conclusion of the court process regarding registration of the resolution. In particular, we highlight the delay in registration of the shareholders' resolution for the approval of the second buy-

back programme from 25 April 2012.

On 5 March 2013, the Court ruled in favour of the Fund in this file and approved the registration of the resolution, which was published in the Official Gazette on 10 April 2013, while the buy-backs have effectively started on 12 April 2013.

Thus, due solely to the Litigant's actions, the implementation of the buy-back programme has been delayed for almost one year, a period during which the market price of the Fund's shares has increased significantly in comparison with April 2012 (i.e. the date when the buy-back could have been effectively launched).

As such, the Litigant's actions have caused the Fund's buy-back operations to take place at a higher price than was the case in April 2012, and incurring significantly increasing the acquisition costs for the Fund.

In light of this financial damage to the Fund, and based on the Litigant's behaviour noted above, the Fund Manager has decided to file a claim on behalf of the Fund to pursue the Litigant for the recovery of the above-mentioned damages and filed on 24 April 2013 a legal action in court against the Litigant, registered with the Bucharest Court under docket number 16425/3/2013.

The Fund Manager will continue to update shareholders and investors of further material developments in these files and will continue to vigorously defend the interests of the Fund on behalf of all its shareholders.
