

TradeVille

OVER 26 YEARS OF EXCELLENCE ON THE CAPITAL MARKET

Over 26 years of relevant experience on the capital market

SSIF TradeVille SA has been operating as an authorized brokerage house since 1994, having an extensive experience on the Romanian capital market and over a decade of experience in derivatives trading on global markets.

In partnership with the Bucharest Stock Exchange, TradeVille offers trading services on major stock exchanges worldwide: NYSE / Euronext, NASDAQ, TSX, London Stock Exchange, Deutsche Borse. Apart from trading services, TradeVille also provides market-making operations and has the expertise of advising towards various types of corporate financing and events.

Initiatives

Among some of the most prodigious projects completed by TradeVille, we are proud to mention the launch of the first Romanian ETF. Furthermore, we are strongly supporting trading on the Alternative Trading System of the Bucharest Stock Exchange by offering the quotes of some of the most renowned internationally listed companies.

For all of the above mentioned instruments, TradeVille is currently acting as a market-maker and has intermediated the listing/ trading registration procedures.

Technology

TradeVille was the first Romanian broker to provide trading services on mobile devices. We developed the first online trading platform in 1999, since then consolidating our leading position as a Romanian innovative online brokerage house.

Organisational Capacity

SSIF TradeVille SA is headquartered in Bucharest. Our company relies on the services of a multidisciplinary team of over 60 enthusiastic capital market professionals.

IPOs and Secondary Market Offerings / BSE's Regulated Market or MTS

Brokering the private placement or the public offer.

Analyzing compliance with the legal framework of regulated markets/ MTS and proposing the relevant changes in the legal papers of such companies.

Assistance in issuing the relevant reports for shareholders**.
