- **Petrom and OMV Romania together will exchange 11 filling stations against 30 filling stations from MOL**
- **100% of MOL Romania Aviation acquired by Petrom**

Petrom has concluded a contract with MOL for the taking over of 30 filling stations. As part of the transaction, MOL will receive 11 Petrom and OMV Romania gas stations. Petrom will pay the difference, an amount which the partners agreed not to disclose. At the same time, Petrom acquired 100% stake in MOL Romania Aviation.

This transaction is part of Petrom's continuing efforts to optimize the network of filling stations. The closing of the transaction is subject to certain conditions precedent including the clearance of the Competition Council.

Out of the newly acquired filling stations 15 are located in Bucharest while the rest of them are located all over the country and give Petrom the possibility to become even more accessible for its customers. With additional investments all of them will be modernized and will operate under the new introduced concept of PetromV. The customers will also benefit from the presence of a highly appreciated brand such as Viva, while qualified and well trained employees will assist them.

Petrom wants to achieve further growth not only quantitative but also qualitative and to reach its 2010 goals: 250 PetromV filling stations to offer the best products and services, to reach a commercial market coverage of 30% and to raise throughput ratio of fuel stations to 2.9 mn liters/year. The development strategy for marketing is supported by a budget of Euro 500 million for the next years.

Mol Aviation refers to the aviation business of MOL in Romania. The company is called Aviation Petroleum and is a supplier of jet fuel for Otopeni airport where it operates a terminal. It is a company with HQ in Bucharest and 7 employees.
