Subscribed and paid-up capital	20,000,000 RON
Market where securities are traded	BVB, Main Segment, Bonds, symbol AUT24E

Important events to be reported: Autonom has received authorization from the Competition Council to take over Țiriac Operating Lease, the operational leasing division of the Țiriac Group, and completes the transaction

The Competition Council authorized the transaction through which Autonom, the most important independent player with Romanian capital on the rent-a-car and operational leasing markets in Romania, takes control of Țiriac Operating Lease (Premium Leasing SRL), by purchasing the entire package of social parts, considering that this acquisition does not raise significant obstacles in the area of competition.

The transaction was completed on April 15, 2022.

Thus, two of the most important companies with full Romanian capital in the market of operational leasing services, with compatible visions in terms of customer focus and competitiveness of the benefits offered to them, are advancing to a new stage in building a stronger business in the mobility sector. Through this step, Autonom will increase productivity and turnover, strengthen its position on the operational leasing market in Romania and significantly exceed the threshold of 10,000 cars.

Premium Leasing SRL reported for 2021, annual revenues of over EUR 19.3 million and assets of over EUR 48.9 million. The value of the transaction will be EUR 11.2 million (representing Autonom's own sources), the net financial debt of Tiriac Operating Lease amounting to EUR 35.8. Thus, Autonom takes over the Țiriac Operating Lease fleet of over 2600 cars and its customer portfolio.

The integration of the team and of the client portfolio of Premium Leasing SRL will start as soon as possible, after fulfilling all the legal procedures.

Interested parties may consult the report on the company's website, www.autonom.com, in the Investors / Financial Statements section.
