## S.C. CONTED S.A.

Separate financial statements of 31 December 2025 according to IFRS

(All amounts are expressed in LEI unless otherwise stated)

---

### NOTES TO THE SEPARATE FINANCIAL STATEMENTS ACCORDING TO IFRS

#### NOTE 1. Reporting entity

S.C. Conted S.A. is a public limited liability company, with Romanian legal personality, established on indefinite term, organized and operating according to the status and based on the Limited liability company law no. 31/1990, as well as by the Law regarding the capital market no. 297/2004 and of Law no. 24/2017 on issuers of financial instruments and market operations. The company changed by reorganization, subject to Law 15/1990, from a republican industrial business.

The company has its registered office in Dorohoi, 1<sup>st</sup> December Street No. 8, Botosani county, Romania, zip code 715200, phone 0231610067, website [www.conted.ro](http://www.conted.ro), Tax Identification Number RO 622445, Trade Register Office number: J1991000107079.

S.C. CONTED S.A. Dorohoi is a manufacturer of high quality footwear, with a longer period than 60 years in the field of textiles wear, as well as in the export manufacture.

The company had an ascending evolution, expanding its outlet, by agreements with foreign companies. The CONTED S.A. Dorohoi company is specialized in the manufacture of textiles wear for men, women and children, i.e.: man suits, man coats, man trousers, man overcoats, woman overcoats, woman skirts, woman trousers, woman jackets, woman suits, military uniforms, child jackets and child overcoats. The Company mainly manufactures textiles wear under the lohn (CM – cut and make) system, but it can manufacture textiles wear by its own fabrics (imported from France, Italy, Spain, Turkey, etc.) and auxiliary, on the client's wish (CMT – cut-make-trim). The company has development possibilities of the models.

The Company mainly works under lohn system, with clients that expose their merchandise in the European community. At the same time, the Company does not neglect the new cooperation proposals, wherefore the tests or prototypes are made, accepting orders with smaller quantities for the market research.

In the production structure, a percentage of about 64% represent the jackets, 21% pants and 15% coats, jackets and other products. In total income, (turnover) the jackets represent about 55%, the trousers represent about 23%, the coats 10%, costumes 3%, jackets 2%, nouvelles 4% and various services 3%.

The products made by S.C. CONTED S.A. are both intended to the internal market and to external market. The export production represents 97% in 2025 of the total of issued production.

The share capital of the company is 2,284,360.06 lei, fully subscribed and paid up, divided in 239,702 nominal shares amounting 9.53 lei/share. The shares of the company are ordinary, nominal, un-substantiated, stressed by registration in the account, their record being maintained, according to law, by the Central Depository S.A. Bucharest. The shares are equal as value and grant equal rights to the shareholders for each share. The securities of the Company (shares) are registered and transacted on the standard category of shares of the Exchange Stock of Bucharest.

The main activity of S.C. CONTED S.A., according to the act of establishment, is the manufacture of other garments (excluding underwear) NACE code 1413. The company doesn't own debentures, callable shares or other envelopes.

S.C. CONTED S.A. is administered by a Board of Directors composed of 3 members, elected and appointed by the General Meeting of Shareholders from 28.11.2022 for a term of 4 years from 28.11.2022 to 28.11.2026.

At the level of the Board of Directors a president was elected. The president of the Board of Directors is not a General Manager and nor the other members of the Board of Directors have executive positions within the company. The elected administrators are non-executive.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS ACCORDING TO IFRS

**NOTE 1. Reporting entity (continuare)**

The Board of Directors elected in the Ordinary General Meeting of Shareholders of 28.11.2022 has the following composition:

Surname and first name	Position within Board of Directors
1. S.C. LAGARDE Paris France	Administrator - President
2. El Turk Ezzedine	Administrator - Member
3. El Turk Ana Maria	Administrator - Member

The administrators of S.C. CONTED S.A. must answer the requirements provided by the regulations incident to the operation of company as public limited liability company and exercise their commission by the accomplishment of liabilities imposed by Art. 144 of Law 31, republished, as further amended and completed:

- the prudence and diligence liability – imposes the administrators the liability of acting prudently and diligently (as professional). The reference to a “good administrator” is conceived as an objective assessment criterion. The prudence and diligence liability includes the liability of acting based upon adequate information;
- The business judgment rule – introduces the business judgment rule, as a counter-ponder to the prudence and diligence liability: according to this rule, the administrators who make business decisions, by the just belief that they act informed and for the company, and they cannot be made liable for the damages further registered by the company, as consequence to the relevant decisions;
- the loyalty liability to the company – imposes the administrators a loyalty liability towards the company: once appointed, the administrators must act for the priority benefit of the company, not as representatives of shareholders or of persons outside the company;
- The liability of not disclosing the business secrets of the company – prohibits the administrators to disclose the confidential information and the business secrets of the company to third parties. This logically comes on the completion of their loyalty liability towards the company.

According to IAS 10.7, the Financial statements were approved by the Management Board on the meeting of 12.03.2026.

**NOTE 2. Basis of preparation**

**a. Statement of conformity**

The financial statements include the statement of financial position, the statement of profit or loss and other items of the global result, the statement of changes of equity, the treasury flow statement and explanatory notes.

The financial statements were prepared in accordance with:

- Order 881 of 25 June 2012, regarding the application by the trading companies whereof securities are allowed to transaction on a regulated market of the International Financial Reporting Standards.
- The International Financial Reporting Standards (IFRS) adopted by the European Union.
- Law 82 of 24 December 1991 of accountancy;
- Order 2844 of 12 December 2016 for the approval of Accounting regulations according to the International Financial Reporting Standards;

The transition date to International Financial Reporting Standards has been January 1<sup>st</sup> 2012.

**NOTES TO THE SEPARATE FINANCIAL STATEMENTS ACCORDING TO IFRS****NOTE 2. Basis of preparation (continuation)****b. Basis of evaluation**

The financial statements have been prepared on the basis of historical cost, with the exception of buildings, landscaping (special constructions belonging to the land) and lands that are valued at fair value.

The accounting policies have been consequently applied to all the periods shown by these financial statements, respectively on the conclusion of statements of financial positions as of December 31<sup>st</sup>, 2025 and December 31<sup>st</sup>, 2024.

These financial statements have been concluded based on the continuance of activity principle, which supposes that the company normally continues its operation, without entering under liquidation state or significant decrease of activity.

**c. Functional currency and description currency**

Financial statements are described in lei, this being also the functional currency of the Company. All the financial information is described in lei, rounded, without decimals.

**d. Foreign currency**

The transactions of the Company in a foreign currency are registered at the exchange rates communicated by the National Bank of Romania for the date of transactions. The balances in foreign currency are exchanged into lei on the exchange rates communicated by NBR on 31 December 2025.

The gains and losses resulted by the discount of transactions in a foreign currency and by the exchange of assets and currency liabilities expressed in a foreign currency are recognized in the profit and loss account, within the financial result.

The assets and non-monetary liabilities that are evaluated on the historical cost in foreign currency are registered in lei at the exchange rate on the transaction date. The assets and non-monetary liabilities expressed in the foreign currency that are evaluated on the real value are registered in lei, at the exchange rate of the date when the real value was established. The differences of exchange are described in the profit or loss account. The exchange rates of the main foreign currencies are as follows:

<b>CURRENCY</b>	<b>Exchange rate 31 December 2025</b>	<b>Exchange rate 31 December 2024</b>
<b>EUR</b>	<b>5.0985</b>	<b>4.9741</b>
<b>USD</b>	<b>4.3417</b>	<b>4.7768</b>

**e. Use of estimates and professional arguments**

The preparation of financial statements in accordance with IFRS adopted by the European Union supposes from the management, the use of estimates and hypotheses that affect the application of accounting policies, as well as the reported value of assets, liabilities, incomes and expenses.

The estimates and their related judgments rely on historical data and other factors considered eloquent under the given circumstances, and the result of these factors forms the basis of judgments used for the establishment of the carrying amount of assets and liabilities, wherefore there are no other available evaluation sources. The effective results may be different than the estimated values.

The estimates and judgments are periodically reviewed. The revisions of accounting estimates are recognized during the period when the estimate is reviewed, if the revision only affects that period or during the current period and further periods, if the revision both affects the current period and the further periods. The effect of change related to the current period is recognized as income or expense during the current period. If any, the effect on the further periods is recognized as income or expense during those further periods.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS ACCORDING TO IFRS

**NOTE 2. Basis of preparation (continuation)**

The company management considers that the possible differences towards these estimates will not have a significant influence over the financial statements in the near future.

The estimates and hypotheses are especially used for depreciation adjustments of fixed assets, the estimate of the useful life time of a depreciable asset, for the depreciation adjustment of receivables, for the provisions, for the recognition of assets regarding deferred tax.

In accordance with IAS 36, both the intangible assets and the tangible assets are analyzed in order to identify whether they have depreciation indexes at the balance sheet date.

If the net carrying amount of an asset is higher than its recoverable amount, a depreciation loss is recognized for the decrease of net carrying amount of the relevant asset at the level of recoverable amount. If the reasons of recognition of depreciation loss disappear during the following periods, the net carrying amount of asset is adjusted up to the level of net carrying amount, which would have been established if no depreciation loss was recognized.

The evaluation for depreciation of receivables is separately issued and relies on the best estimate of the management regarding the current amount of cash flows that are foreseen to be received. The company reviews its trade receivables and other kind of receivables at every date of the financial position, to evaluate if it must register amount depreciation in the profit and loss account.

Especially the professional reasoning of the management is necessary for the estimate of amount and for the coordination of treasury flows regarding several factors, and the real results may be different, leading to further changes of adjustments.

The assets regarding deferred tax are recognized for fiscal losses, provided that it is possible that a taxable profit shall be, wherefrom the losses are covered. The application of professional reasoning for the establishment of the value of assets regarding deferred tax, which may be recognized, based on the probability with respect to the period and level of the further taxable profit, as well as the future strategies of tax planning.

The company management estimates at the end reporting period the amount of leave not taken by company employees.

**f. Related parties**

A person or a close relative of the relevant person is considered related to a Company, if that person:

- It holds the control or the joint control over the Company;
- It has a significant influence over the Company; or
- It is a member of the personnel – key management

The key management personnel represents those persons who have the authority and responsibility of directly or indirectly planning, managing and controlling the activities of the Company, including any manager (executive or not) of entity. The transactions with the key personnel include exclusively the salary benefits granted to them, as described.

An entity is related to the Company if it meets either of the following conditions:

- The entity and the Company are members of the same group (which means that each parent company, subsidiary and subsidiary of the same group is related to the others);
- An entity is related entity or joint venture of the other entity (or related entity or joint venture of a member of the group where to the other entity takes part);
- Both entities are joint ventures of the same third party;
- The entity is a plan of post-hiring benefits for the employees of reporting entity or of an entity related to the reporting entity. Provided that even the reporting entity represents itself such a plan, the sponsor employers are also related to the reporting entity;

## NOTES TO THE SEPARATE FINANCIAL STATEMENTS ACCORDING TO IFRS

**NOTE 2. Basis of preparation (continuation)**

- The entity is controlled or jointly controlled by a related person;
- A related person who holds the control significantly influences the entity or is a member of the management key personnel of entity (or of the parent company of the entity).

The Company does not develop transactions with the above mentioned entities.

**g. Reporting by segments**

A segment is a distinct part of the Company, which supplies certain products or services (business segment) or supplies products and services in a certain geographic environment (geographic segment) and which is subjected to different risks and benefits than of the other segments. From the point of view of the business segments, the Company does not identify distinct parts from the point of view of risks and related benefits.

**Business segment**

- manufacture of other garments (except for the underwear)

**2025**

Outlet		Quantity	Value
- external	France	148,854	24,906,297
	Italy	134	35,437

<b>Total internal</b>		<b>6,063</b>	<b>939,770</b>
<b>TOTAL</b>		<b>175,501</b>	<b>31,854,901</b>

By the described statement, it is ascertained that the French market holds the highest rate of the total volume of exports, of 25,455,617, (2024: 30,915,131) amounting 24,906,297 (2024: 26,163,457) at a rate of 98%, (2024: 85%).

The coats and trousers represent approximate 84%, (2024: 89%) of the total volume of delivered products.

In the 2025 year, from the total of sales, of 26,966,957, (2024: 32,515,092), the amount of 26,157,392 (2024: 31,854,901) represents the direct sales of products.

The internal markets represents 3%, (2024: 3%) of the total sales of 26,157,392 (2024: 31,854,901).

**S.C. CONTED S.A.****Separate financial statements of 31 December 2025 according to IFRS****(All amounts are expressed in LEI unless otherwise stated)**

## NOTES TO THE SEPARATE FINANCIAL STATEMENTS ACCORDING TO IFRS

**NOTE 2. Basis of preparation (continuation)**

The external markets represents 97%, (2024: 97%) of the total sales of 26,157,392 (2024: 31,854,901), and the largest share on the foreign market is held by the coats product in percentage of 45%, (2024: 44%) of the total delivered products.

With respect to the direct sales of products on the external market, amounting 25,455,617, (2024: 30,915,131), the amount of 5,577,270, (2024: 7,231,340) represents the sales to the main external client, at the rate of 22%, (2024: 23%), and the following customers on the foreign market registered: a percentage of 20%, (2024: 15%), sales amounting to 4,998,682 (2024: 4,504,112), respectively 19%, (2024: 14%), sales amounting to 4,910,758, (2024: 4,451,614).

The results by segments are the results reported to the Management Board and to the General Manager and include both the directly assigned items to a segment and those assigned by reasonable assignment bases. The non-assigned items include debts, assets and debts for the profit interest, cash and cash equivalents.

The assets shown for the activity segment especially include tangible assets and intangible assets, inventories and receivables, mainly excluding cash and current accounts at the banks.

The shown debts include the operational debts, excluding the delayed profit interest. All the assets of the Company are situated in Romania. The activity of the Company develops in Romania. The Company has a reporting segment - Manufacture of other clothing items (excluding the undergarments)

NOTES TO THE SEPARATE FINANCIAL STATEMENTS ACCORDING TO IFRS

**NOTE 2. Basis of preparation (continuation)**

**h. The initial application of new and revised standards**

The following amendments brought to the existing standards and interpretations issued by the International Accounting Standards Board (IASB) and adopted by the European Union are enforceable for the current period:

- **Amendments to IAS 21 „Effects of changes in foreign exchange rates”** (issued on August 15, 2023, effective for annual periods beginning on or after January 1, 2025)

**i. Standards and interpretations issued by the IASB but not adopted by the EU**

Currently, the IFRS adopted by the EU do not show significant differences compared to the regulations adopted by the International Accountancy Standards Board (IASB) except the following standards, amendments brought to the existing standards and interpretations, that have not been approved by the EU on the date of the financial statements publishing (the entry into force dates mentioned below are entirely for the IFRS).

- **Amendments to IFRS 9 and IFRS 7 - „Amendments to the Classification and Valuation of Financial Instruments”** (issued on 30 May 2024, effective for annual periods beginning on or after 1 January 2026)
- **Annual Improvements Volume 11** (issued July 18, 2024, effective for annual periods beginning on or after January 1, 2026)
- **Amendments to IFRS 9 and IFRS 7 - „Contracts that refer to nature-dependent electricity”** (issued on 18 December 2024, effective for annual periods beginning on or after 1 January 2026)
- **IFRS 18 „Presentation and Disclosure of Information in Financial Statements”** (issued on 9 April 2024, effective for annual periods beginning on or after 1 January 2027)
- **Amendments to IFRS 19 „Non-Publicly Owned Subsidiaries: Disclosures”** (issued on 21 August 2025, effective for annual periods beginning on or after 1 January 2027)
- **Amendments to IAS 21 „The Effects of Changes in Foreign Exchange Rates – Translation into a Hyperinflationary Presentation Currency”** (issued on 13 August 2025, effective for annual periods beginning on or after 1 January 2027)

The company estimates that the adoption of these standards, the amendments to the existing standards and the interpretations won't have a significant impact on the financial statements in the initial period of the adoption.

**NOTA 3. Significant accounting policies**

According to the *International Accountancy Standard 8 “Accounting policies, changes of the accounting estimates and errors”*, the accounting policies describe the specific principles, bases, agreements, rules and practices, applied by this company for the preparation and description of financial statements.

The company selected and consequently applies the accounting policies for the transactions, other events and similar conditions, unless a standard or an interpretation provides or specifically allows the classification of items wherefore the application of different accounting policies could be appropriate. If a standard or an interpretation provides or allows such a classification, an appropriate accounting policy must be selected and applied to each category, consequently.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS ACCORDING TO IFRS

**NOTA 3. Significant accounting policies (continuation)**

The Company only changes an accounting policy if the change:

- a. is imposed by a standard or an interpretation; or
- b. has as result the financial statements that provide reliable and more relevant information regarding the effects of transactions, of other events or conditions on the financial position, financial performance or the treasury flows of the entity.

We present a summary of the significant accounting policies that have been consequently applied to all the periods shown by the financial statements:

**a. Intangible assets, Tangible assets and real estate investments**

**a.1. Intangible assets**

***Initial evaluation***

The Company chose to be evaluated on the procurement cost, according to IAS 38 “Intangible assets”.

***Evaluation after the initial recognition***

The Company chose as accounting policy for the evaluation of intangible assets after the initial recognition, the cost based model.

The Company opted to use the linear amortization method for the amortization of intangible assets. The intangible assets registered by the Company include informatics programs, licenses and different softwares and accounted in the accounts 205 “Transfers, patents and procured licenses” and account 208 “Other intangible assets”. These are shown at their historical cost, less the amortization and the possible value adjustments. No value adjustments were registered for the mentioned periods.

The Company does not hold intangible assets internally generated or acquired by a governmental subsidy and neither holds intangible assets with indefinite useful life terms.

The Company does not hold assets classified as held for sale or included in a group intended to transfer, classified as held for sale, in accordance with IFRS 5. They are linearly amortized during 3 years. For the establishment whether an intangible asset evaluated on the cost is depreciated, the company applies IAS 36.

A depreciation loss must be immediately recognized in the profit or loss. For the purpose of description in the profit and loss account, the gains or losses that occur with the ceasing of use or the output of an intangible asset, is established as difference between the incomes generated by the output of asset and its non-amortized amount, including the expenses for its de-registration, and must be described as net amount in the profit and loss account, according to IAS 38.

The further expenses regarding intangible assets are only capitalized when they increase the further economic benefits generated by the asset they refer to. The expenses that don’t meet these criteria are recognized as expenses on their occurrence.

**a.2. Tangible assets**

***Initial evaluation***

The tangible assets are initially recognized on the procurement cost and are described on the net amounts of accumulated amortization and the loss by the accumulated depreciation. An item of tangible assets that meets the recognition conditions as asset must be evaluated at its cost.

***Elements cost***

The cost of a tangible asset is made of:

- a. its purchase price, including the import customs fees and the non-recoverable purchase fees, after the deduction of trade discounts and rebates;
- b. any costs that may be directly assigned to the bringing of asset to the place and state necessary for its operation;

NOTES TO THE SEPARATE FINANCIAL STATEMENTS ACCORDING TO IFRS

**NOTA 3. Significant accounting policies (continuation)**

- c. the initial estimate of the dismantling and removal costs of the restoration item of the place where it is located, a liability borne by the entity on the acquirement of investment.

For the accountancy of these costs, the provisions of IAS 37 “Provisions, contingent liabilities and contingent assets” are applied.

***Evaluation after the initial recognition***

After recognition as an asset, a tangible assets item, plant and equipment is carried at its cost less any accumulated depreciation and any accumulated impairment losses. After recognition as an asset, a tangible asset item whereof just value may be reliably evaluated must be accounted at a revaluated amount, this being it’s just amount, on the revaluation date less any accumulated amortization and any accumulated impairment loss for property, class „construction group” and „real estate investments” and carried at cost less depreciation and accumulated impairment adjustments for other groups of assets.

The revaluations must be made sufficiently regular to make sure that the accounting amount is not significantly different than the one that would have been established by the use of just amount at the end of reporting period. The rate of evaluations depends on the changes of just amount of revaluated tangible assets. Provided that the just amount of an asset is significantly different than the accounting amount, a new revaluation is required.

When a tangible asset item is revaluated, any amortization cumulated on the revaluation date is considered by the company as follows: it is re-treated proportionally to the change of gross accounting amount of assets, so that the accounting amount of asset, after the revaluation, to be equal to its revaluated amount.

Consequently, the rate of revaluations depends on the changes of the just amount of tangible assets. Provided that the just amount of a revaluated item of tangible assets on the balance sheet date is significantly different than its accounting amount, a new revaluation is necessary.

Provided that the just amounts are volatile, i.e. the lands and buildings, the frequent revaluations may be necessary. Provided that the just amounts are stable for a long term, i.e. the installations and machineries, the evaluations may be necessary less often. IAS 16 suggests that the annual revaluations may be necessary if there are significant and volatile changes of amounts.

If a tangible asset item is revaluated, then the entire category of tangible assets whereby that item takes part, must be revaluated. The residual amount of asset and the useful life time of asset are reviewed at least at the end of financial period.

The Company performs the reclassification of tangible assets as real estate investments, when a land or a building (or both) under the patrimony of Company, meet the following conditions:

- They are rather used for incomes by rents than for incomes by the current operating activity;
- Although partially rented, the un-rented part being used for the current operating activity, the two parts could not be distinctly sold by the Company;
- An insignificant part is held to be used for the production or supply of assets or services or for the administrative purpose.

The amortization of an asset begins when it is available to use, i.e. when it is on the place and state necessary to be able to operate as the management wants.

The amortization of an assets ceases on the first date between the date when the asset is classified as held for sale (or included in a group intended to transfer, which is classified as held for the sale), in accordance with IFRS 5 and the date when the asset is to be recognized.

Consequently, the amortization does not cease when the asset is not used or is decommissioned, unless it is fully amortized.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS ACCORDING TO IFRS

**NOTA 3. Significant accounting policies (continuation)**

The lands and buildings are separable assets and are distinctly accounted, even when they are acquired together. The land is not amortized. The plot presented in the financial statements has been revised on 31.12.2013, according to International Valuation Standards, by Mr. Lațcu Nicolae expert appraiser, qualified professional ANEVAR member.

If the cost of the land includes decommissioning, removal, restoration costs, these costs are amortized during the period when the benefits are obtained, as consequence to these costs.

The amortization method used reflects the foreseen rate of consumption of the further economic benefits of asset by the unit. S.C. Conted S.A. opted to use the linear amortization method for the systematic assignment of the amount of assets during their life term. The residual amount, the life time and the amortization method are reviewed on the date of financial statements.

The foreseen periods by the main groups of tangible assets are as follows:

<b>Asset</b>	<b>Years</b>
Buildings (constructions)	40 - 60
Technical equipment and machinery	8 - 12
Measurement, control and adjustment machinery and equipment	2 - 4
Transport facilities	4 - 6
Furniture, office machinery, protection equipments, human and material assets	9 - 15

***Depreciation policy applied by the company***

In accordance with IAS 36, both the intangible assets and the tangible assets are investigated in order to identify whether they have depreciation traces on the balance sheet date. For the intangible assets with an indefinite life term, the depreciation test is annually issued, even if it is no depreciation index.

If the net accounting amount of an asset is higher than its recoverable amount, a depreciation loss is recognized to lower the net accounting amount of the relevant asset to the level of recoverable amount. If the reasons of depreciation loss recognition disappear during the further periods, the net accounting amount of asset is adjusted until the level of net accounting amount, which would have been established unless no depreciation loss was recognized. The difference is described as other operating incomes.

The accounting amount of a tangible asset item is de-recognized on transfer or when no further benefits are foreseen by its use or transfer. The revaluation surplus included in equity, corresponding to a tangible asset item is directly transferred into the carried forward result, when the asset is de-recognized, on transfer or cassation.

The gain or loss resulting by the de-recognition of a tangible asset item must be included in the profit or loss when the item is de-recognized. If the items of tangible assets, which have been held for rental to the others, are repeatedly sold, these assets are to be transferred into inventories at the accounting amount on the date when they cease to be rented and are held for sale. The cashments by the sale of these assets are recognized as incomes, in accordance with IAS 18 „Incomes”.

**a.3. Real estate investments**

***Initial evaluation***

The evaluation of real estate investment on initial recognition is made on cost according to IAS 40 “Real estate investments”. The cost of a real estate investment is made of the purchase price plus any directly assignable expenses (professional honorariums for legal services, the fees for the transfer of the right of property, etc.).

NOTES TO THE SEPARATE FINANCIAL STATEMENTS ACCORDING TO IFRS

**NOTA 3. Significant accounting policies (continuation)**

A real estate investment is held to obtain incomes by rents or for the increase of the amount of share capital or both. Consequently, a real estate investment generates treasury flows, which are in a great extent independent of other assets held by an entity.

***Evaluation after recognition***

The accounting policy of the Company, regarding further evaluation of real estate investments relies on the evaluation model on its just amount.

**b. Inventories**

In accordance with IAS 2 “Inventories”, these are assets:

- held for resale during the normal development of activity
- during production for such a sale or
- as materials and other consumables that are to be used in the production process or for the provision of services.

The inventories are described on the lowest amount between cost and the net issuable amount.

The cost of stocks relies on the first in – first out principle. The costs of end products and semi-manufactured products include materials, direct labor, other direct costs, regime expenses and the general administration expenses, related to production (based on the exploitation activity).

The net issuable amount is estimated based on the sale price, related to normal activity, less the estimated costs for the finalization and sale. For the damaged inventories or the inventories with a slow motion, the adjustments are established based on the management estimates.

The establishment and restoration of adjustments for the depreciation of costs are made on the profit and loss account. The company uses for the establishment of cost on the outflow to materials supplied according to IAS 2, the first in, first out (FIFO) method. The average cost method is used for the finished goods.

**c. Receivables and other similar assets**

Except for the derivative financial instruments, which are recognized on the just amount and of the items expressed by a foreign currency, which are translated on the closure exchange rate, the receivables and other similar assets are described on the amortized cost. The receivables and trade payables reflect the relations of business to other businesses regarding the supply and outlet of assets and services. The receivables related to the state budget may also be registered in the accountancy.

The evaluation on balance sheet of the receivables and payables expressed in foreign currency and of those with discount in lei, depending on the rate of exchange of a foreign currency is made on the currency rate of exchange communicated by the National Bank of Romania, valid on the conclusion date of financial year.

The receivables related to it's own personnel result by advances granted to them, on account of salaries and by other receivables. The following take part to this category: un-justified treasury advances, salaries, un-due premiums or additions, due equivalent value of the labor equipment (part quote), amount of due rents, amount of imputations for due material damages, amends and penalties.

The trade receivables reflect the rights of business to other natural or legal entities, established by the sales of assets, performance of works and service provisions, wherefore it must receive a value equivalent or a counter-provision.

The trade receivables that the trading company registers result by the services provided by it in its reports with third parties, according to the object of activity. Occasionally, the trading company may invoice to third parties certain assets that don't have any other usefulness within the trading company or may calculate penalties due to third parties.

When foreseen that a receivable will not be fully cashed, adjustments for depreciation are registered in the accountancy, at the level of the amount that cannot be recovered anymore.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS ACCORDING TO IFRS

**NOTA 3. Significant accounting policies (continuation)**

The de-registration of receivables takes place consequently to their cashment or transfer to a third party. The current receivables may also be decreased from the record, by mutual compensation of receivables and payables between the third parties, observing the legal provisions.

The decrease from the record of receivables whereof cashment terms are foreseen is made after the company obtains documents that certify that all the legal proceedings for their recovery were made. The de-registered receivables are registered in the order and record account outside the balance sheet and are further observed.

**d. Cash and cash equivalent**

The bank accounts include: amounts to cash, like cheques and trade effects submitted to the banks, lei and foreign currency liquid assets, cheques of the entity, short term bank credits, as well as the interests corresponding to liquid assets and credits granted by banks in the current accounts.

The payable and cashable interest, related to the financial year in progress, are registered at financial expense or financial income, as the case may be. The accountancy of liquid assets on the banks/cash office and of their movement, consequently to issued cashments and payments are separately registered, in lei and foreign currency.

The operations regarding cashments and payments in foreign currency are registered in the accountancy at the currency exchange rate, communicated by the National Bank of Romania, on the date of operation.

The foreign currency sale-purchase operations, including those within the contracts with discount on term, are registered in accountancy at the exchange rate used by the trading bank, where the bid with foreign currency is made.

At the end of each reporting period, the liquid assets in foreign currency and other treasury assets, like the state interests in foreign currency, letters of credit and deposits in foreign currency are evaluated at the exchange rate of the monetary market, communicated by the National Bank of Romania, of the last business day of the relevant month.

For the payment of liabilities to suppliers, the trading company may require the opening of letters of credit at banks, in lei or foreign currency, for them. For the preparation of treasury flow statement, it is considered that the cash is the cash of the cash office and in the current bank accounts.

**e. Payables**

The payable represents a current payable of the company, resulted by past events and whereby discount, it is expected to result an outflow of resources that embed the economic benefits.

The payable is recognized in accountancy and described by the financial statements when it is possible that an outflow of resources carrying economic benefits shall result by the payment of a current liability (probability) and when the amount whereto this discount will be issued, may be credibly evaluated (credibility).

**Current liabilities** are those liabilities that must be paid within a period of up to one year.

A liability shall be classified as short-term liability, also called a current liability when:

- a) it is expected to be settled during the normal operating cycle of the company;
- b) it is primarily held for trading purposes;
- c) it is due within 12 months after the balance sheet date;
- d) the company does not have an unconditional right to defer the payment of the liability for at least 12 months following the balance sheet date.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS ACCORDING TO IFRS

**NOTA 3. Significant accounting policies (continuation)**

All other liabilities shall be classified as *long-term liabilities*, even where they must be settled within 12 months following the balance sheet date if:

- the original term was for a period exceeding 12 months;
- the company intends to refinance the long-term bond and its intention is supported by a refinance agreement, or by a payment rescheduling agreement, which is completed before the financial statements are authorized for publication.

Liabilities are carried out at the amortized cost, except for derivative financial instruments which are presented at their fair value. Long-term liabilities are discounted using the effective interest method. The discount rate used for this purpose is the rate in force at the end of the year for instruments taken into consideration as liabilities with similar maturities. The accounting value of other payables is their fair value as they have generally short-term maturities.

The company derecognizes a liability when its contractual obligations are discharged or canceled or expired. If goods and services provided in relation to current activities were not billed, but if the delivery was actually made, and their value is available, the obligation is recorded as a liability (not as a provision).

The amounts representing the dividends distributed from the net profit of the reporting period are shown in the following year in the retained earnings so that, after the approval by the General Assembly of Shareholders related to this destinations, they shall be shown into the account 457 "Dividends payable".

**f. Income tax, including deferred tax**

The accounting consideration for income taxes is the objective of IAS 12. In pursuing this objective, IAS 12 notes the following:

- it is inherent in the recognition of an asset or of a liability which will be settled or recovered as an asset or liability, and that recovery or settlement may give rise to future tax consequences that would be recognized at the same time the asset or liabilities
- an entity should account for the tax consequences of transactions and other events in the same way that it accounts for the transactions and other events themselves.

The income tax for the year includes the current tax and deferred tax. The income tax is recognized in the profit or loss situation, as well as in other elements of the comprehensive income if the tax is related to the elements recognized in its own equity.

**Current income tax**

The tax currently payable is based on taxable profit for the year. The taxable profit differs from the profit as reported into the profit and loss account as it excludes the items of income or expense that are taxable or deductible in other years and it further excludes the items that will never become taxable or deductible.

The liability of the company related to the current profit tax is calculated using tax rates that have been provided by the law or in a draft at the end of the year. Currently, the tax rate is 16%.

**Deferred tax**

The income tax which, according to IAS 12, is recognized in other items of the comprehensive income, defined in accordance with the provisions of IFRS, are indicated into the account 1034 "Current income tax and deferred income tax recognized in equity account", specifically tracking the current income tax and deferred tax.

This account also indicates the deferred tax corresponding to the legal reserves. This account also indicates the deferred tax corresponding to the legal reserves and other reserves provided by the Fiscal Code, as further amended and completed.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS ACCORDING TO IFRS

**NOTA 3. Significant accounting policies (continuation)**

The account 1034 “Current income tax and deferred income tax recognized in equity account” does not indicate the income tax corresponding to the retained earnings or other components of equity, as they are directly recorded in the respective item of its own equity.

The deferred tax is recorded using the balance sheet method for the temporary differences of the assets and liabilities (differences between the accounting values indicated in the company’s balance sheet and their tax base).

The tax loss reported is included in the calculation of deferred tax assets.

The liability related to the deferred tax is recognized only to the extent that it is likely to obtain a taxable profit into the future, after compensating with the tax loss of the previous years and with the income tax to be recovered.

**g. Recognition of income**

The revenue is considered as the gross entry of economic benefits during the period, arising in the course of normal activities of the company, when those entries result into increases in equity, other than increases relating to contributions of the participants into their own equity.

The revenue includes only the gross entries of economic benefits received or receivable by the company on its behalf. The revenue is to be assessed in accordance with IAS 18 “Revenue” at their fair value of the consideration received or receivable. The revenue is reduced in line with the estimated value of the goods returned by the customers, rebates and other similar items.

**Sale of assets**

The revenues resulting from the sale of goods are recognized when all the following conditions are met:

- The company has transferred to the buyer the significant risks and advantages resulting from the ownership of the goods;
- The company no longer manages the goods sold at level it would have done if it had still been the owner of the goods and it does not hold the effective control over the respective goods;
- the amount of the revenue can be measured in a reliably manner;
- it is likely that the economic benefits associated with the transaction to be generated to the company;
- the transaction costs can be measured in a reliably manner.

The income from ordinary activities is recorded when it is likely that the company to have possible economic benefits into the future and when these benefits can be measured in a reliably manner. The amount of the revenue arising from a transaction is usually determined by an agreement between the company and the buyer or the user of the asset. The revenues are assessed at their fair value of the consideration received or receivable, taking into account the amount of any trade discounts and rebates by volume granted.

The consideration is in the form of cash or cash equivalents and the amount of revenue is the amount of cash or cash equivalents received or receivable. However, when the entry of cash or cash equivalents is deferred, the fair value of the consideration may be less than the nominal amount of cash received or receivable.

This is the situation that is applicable also for the situation of the delivery contracts provided that there is a vendor credit, if the company can provide to the buyer an interest free credit or can accept from it trade effects with a lower interest rate than the market as consideration for sale property.

For commercial contracts concluded as a vendor with deferred payment the difference between the fair value and the nominal value of the consideration is recognized as interest income. The fair value of the consideration is determined by discounting all the future receivables, using a rate of interest by default.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS ACCORDING TO IFRS

**NOTA 3. Significant accounting policies (continuation)**

To discount all the future receivables, the company has chosen to use the rate of interest determined by the internal procedure.

**Service provision**

When the outcome of a transaction involving the service provision can be estimated in a reliable manner, the revenue associated with the transaction shall be recognized depending on the stage of completion of the transaction at the closing date of the reporting period.

The outcome of a transaction can be estimated in a reliable manner when all the following conditions are met:

- the amount of the revenue can be measured in a reliable manner;
- it is likely that the economic benefits associated with the transaction would be generated for the company;
- the stage of completion of the transaction at the closing date of the balance sheet can be measured in a reliable manner;
- the costs incurred for the transaction and the costs to complete the transaction can be measured in a reliable manner.

For the recognition of revenue depending on the stage of completion of the transaction, the company uses the “percentage of completion method”. According to this method, the revenues are recognized in the accounting periods when the services are provided.

The recognition of revenue on this basis provides useful information on the size of the service provision activity and its results during this period. The revenues are recognized only when it is likely that the economic benefits associated with the transaction would be generated for the company.

When an uncertainty arises about the collectability of an amount already included in revenue, the amount cannot be collected or the amount which collection has ceased to be likely is recognized as an expense rather than as an adjustment of the amount of revenue originally recognized. When the outcome of a transaction involving the provision of services cannot be estimated in a reliable manner, the revenue shall be recognized only within the limit of the expenses recognized that can be recoverable.

**The rental revenues** are recognized into the profit and loss account linearly, during the period of the rental agreement.

**Dividends and interests**

Interests shall be recognized using the effective interest method. Interest revenues are recognized depending on the elapsed time. If the interests received are related to the periods prior to the acquisition of the interest-bearing investment, only the subsequent interest is recognized as an interest, the other part reduces the costs of the bonds.

Royalties shall be recognized based on the on the accrual accounting, in accordance with the trade fund of the contract in question. When an uncertainty arises about the collectability of an amount already included into the revenue, the amount cannot be collected or the amount which collectability has ceased to be likely is recognized as an expense rather than as an adjustment of the amount of the revenue originally recognized.

The incomes consisting in divides are recognized when the shareholder’s right to receive its payment is recognized. The incomes consisting in divides are recorded on their gross value, including the dividend tax, which is recognized as a current expense in the period when the distribution was approved.

The interest incomes are recognized based on the on the accrual accounting, by reference to the principal outstanding and the effective rate of interest, that rate which discounts exactly the estimated future cash receivable.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS ACCORDING TO IFRS

**NOTA 3. Significant accounting policies (continuation)**

**h. Benefits of employees**

**Short term benefits**

The liabilities with short term benefits, granted to the employees, are not updated and are recognized in the statement of global result, as the related service is provided. The short term benefits, granted to employees, include the salaries, premiums and social securities, paid annual leave. The short term benefits are recognized as expense when the services are provided.

A provision is recognized for amounts that are expected to be paid in the form of short-term cash receipts, provided that the Company currently has a legal or constructive obligation to pay those amounts as a result of past service provided by employees, and that obligation can be estimated reliably.

The Company makes payments on account of its own employees to the pension system of the Romanian state, the health insurances and unemployment fund, during the normal activity. All the employees of the company are members and are liable to contribute to the pension system of Romanian state. All the related contributions are recognized in the profit and loss account of the period, when they are made.

The Company does not have other additional liabilities, is not employed in any independent pension system and consequently, it does not have any liabilities in this respect, and it is not employed in any other post-employment benefit system. The Company is not liable to provide further services to the ex or current employees.

The Company is not currently granting benefits as partnership of employees to the profit. It is no such a plan now, whereby it is foreseen that the liability of the company of granting benefits as own shares of entity (or another instruments of equity).

**i. Provisions**

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, when to settle the obligation is likely to be required outflow affecting economic benefits will be required to settle the obligation and can be achieved when a good reliable estimate of the amount of the obligation.

Provisions for restructuring, litigation and other provisions for risks and charges are recognized when the Company has a present legal or constructive obligation arising from past events, when to settle the obligation is likely to be required outflow of resources and may be made a reliable estimate of the amount of the obligation needed. Restructuring provisions include direct costs arising from restructuring namely those that are necessarily entailed by the restructuring and are not related to the conduct of the company's business continues.

The company set up provisions for employee benefits in the short term holidays of outstanding. Determination of the amount of the allowance is based on estimates established payment obligation (given the manner of payment of leave).

**j. Result of the period**

The profit or loss is jointly established in the accountancy, from the beginning of financial year. The result of the year is established as difference between the incomes and expenses of the year. The definitive result of the financial year is established on its conclusion and represents the final balance of the profit and loss account.

The profit distribution is issued in accordance with the enforceable legal provisions.

The amounts representing reserves, resulted by the profit of the current financial year, based on certain legal provisions, i.e. the legal reserve established based on the provisions of Law 31/1990 is registered at the end of the current year.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS ACCORDING TO IFRS

**NOTA 3. Significant accounting policies (continuation)**

The accounting profit rest upon this distribution is taken over at the beginning of the financial year, after the year wherefore the annual financial statements are prepared in the account 1171 "Carried forward result, representing the non-distributed profit or the un-covered loss", wherefrom it is distributed on the other destinations decided by the General Meeting of Shareholders, observing the legal provisions.

The registration in the accountancy of the accounting profit destinations is made after the General Meeting of Shareholders approved the profit distribution, by the registration of amounts representing dividends due to shareholders, reserves and other destinations, according to law.

**k. Result per share**

IAS 33 "Result per share" provides that, if an entity describes consolidated financial statements and separate financial statements, the description of the result per share is only prepared based on the consolidated information. If it chooses to describe the result per share, based on its separate financial statement, it must describe such information regarding the result per share only in the circumstance of global result.

This case, it must not describe the result per share in the consolidated financial statements. The Company chose to describe the result per share by these separate financial statements. The basic result per share is calculated dividing the profit or loss assignable to the ordinary share holders of the company on the weighted average of circulatory ordinary shares during the period and is described by note 19.

**l. Legal reserve**

In accordance with the Romanian legislation, the companies must distribute an amount equal to at least 5% of the profit before taxation, under legal reserves, until these reach 20% of the share capital. When this level was reached, the company may issue additional assignments only from the net profit. The legal reserve is deductible within a quote of 5% applied on the accounting profit, before the establishment of income tax.

**m. Revaluation reserves**

The revaluations are issued with sufficient frequency, so that the accounting value would not differ substantially from the value which would have been determined using the fair value as of the date of the balance sheet.

In this respect, the Company issued the revaluation of the fixed tangible assets – construction group and of the real estate investments with independent assessors as of 31 December 2006, 31 December 2009, 31 December 2012, 31 December 2013, 31 December 2016 and 31 December 2019.

On December 31, 2019 were revalued tangible, „construction” group 212 and group 2112 „landscaping”. Revaluation effects were accounted for using the remaining unamortised value revaluation process which involves the cancellation of accumulated depreciation to bring the construction to the net book value and added value recording. Revalued amount is the fair value at the date of the revaluation less any subsequent accumulated amortization. (Note 12)

The difference between the value resulted from the revaluation and the net accounting value of the intangible assets is presented at the reserve of the revaluation, as a distinctive sub-element in the „Ownership equity” group. If the result of the revaluation is an increase compared to the net accounting value, then this issue will be addressed as follows: as an increase of the reserve from the revaluation presented within the ownership equity group, if a prior decrease acknowledged as an expense related to that particular asset or as an income which would compensate the expense with the decrease priory acknowledged for that asset did not exist.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS ACCORDING TO IFRS

**NOTA 3. Significant accounting policies (continuation)**

If the result of the revaluation is a decrease of the net accounting value, this would be addressed as an expense with the entire value of the depreciation when the reserve from the revaluation is not recorded as an amount related to that asset (addition from the revaluation) or a decrease of the reserve from the revaluation with the minimum between the value of that reserve and the value of the decrease, and the potential difference which was not covered is recorded as an expense.

The addition from revaluation is included in the reserve from revaluation is transferred to the reported result when this addition represents an issued earning. The earning is considered as being issued when the asset for which the reserve from revaluation is extracted from the inventory.

After the date at which the IFRS entered into force, any increase or decrease of the fair value as a result of the revaluation will be acknowledged in the situation of the global result.

**NOTA 4. Establishment of just amount**

The just amount is the price on the main market or on the most advantageous market, which could be obtained for the sale of asset or the transfer of payable, after which the transaction and transport costs were taken into account.

The factors that the entity must take into account for the evaluation of just amount are:

- asset or payable that is evaluated;
- market;
- market participants;
- price.

There are specific mentions for the non-financial assets, payables, capital instruments and financial instruments. For an evaluation on just amount, it is necessary that the entity establishes the adequate evaluation techniques, taking into account the available data for the conclusion of input data that represent the hypotheses, which the market participants would have used for the establishment of the value of asset or payable and the classification level of input data in the hierarchy of just amount.

Certain accounting policies of the Company and description requirements of information need the establishment of just amount, both for the financial assets and payables, and for the non-financial ones. For the evaluation of the assets or of the debts, the Company uses as much as possible the information that may be noticed on the market. The hierarchy of the fair value classifies the input data for the evaluation techniques used for the evaluation of the fair value on three levels, as follows:

- Level 1 – quoted price (non-adjusted) on active markets for identical assets or debts which can be accessed by the entity at the date of the evaluation;
- Level 2 – input data, other than the quoted prices, included in Level 1, which can be traceable for the asset or for the debt, either directly or indirectly;
- Level 3 - input data which cannot be tracked for the asset or for the debt.

If the input data for the evaluation of the fair value of an asset can be classified on several levels of the hierarchy of the fair value, the evaluation at the fair value is entirely classified on the same level of the hierarchy of the fair value as an input data with the lowest level of incertitude which is significant for the entire evaluation. The Company acknowledges the transfers between the levels of the hierarchy of the fair value at the end of the reporting period, in which the modification occurred.

Where appropriate, the additional information regarding the hypotheses used for the establishment of just amount are described by the notes specific to the relevant asset or payable. (Tangible assets, real estate investments).

The Company issues the revaluation of tangible assets in its patrimony with a sufficient regularity for them being described by the financial statements on a just amount.

**S.C. CONTED S.A.****Separate financial statements of 31 December 2025 according to IFRS****(All amounts are expressed in LEI unless otherwise stated)****NOTES TO THE SEPARATE FINANCIAL STATEMENTS ACCORDING TO IFRS****NOTE 5. Incomes**

Incomes by interests	775	812
Incomes by exchange rate differences	188,038	34,766
<b>Total financial incomes</b>	<b>188,813</b>	<b>35,578</b>
Interest Expenses	313,255	321,536
Other expenses	170,928	167,814
<b>Total financial expense</b>	<b>484,183</b>	<b>489,350</b>
<b>Net financial result</b>	<b>(295,370)</b>	<b>(343,219)</b>

The financial incomes mostly include the income from exchange rate differences favorable. The financial expenses include the interest expenses, the expenses for the rate of exchange differences unfavorable and the expenses regarding the discounts granted. All the expenses and incomes are recognized in the statement of profit or loss.

**NOTE 11. Expense with income tax**

	<b><u>31.12.2025</u></b>	<b><u>31.12.2024</u></b>
<b>Profit reconciliation before the taxation</b>		
Accounting profit/loss	47,418	151,331
Items similar to incomes by other re-treatments	140,603	140,724
Discounts	623,426	632,879
Other non-taxable income	371,605	544,450
Non-deductible expenses	899,981	1,029,083
Taxable profit/tax loss for the reporting year	92,971	143,809
Taxable profit/tax loss	92,971	143,809
Current profit tax	14,875	23,009

**NOTE 12. Tangible assets**

Tangible assets 212 „construction group” were revalued at 31 December 2006, 31 December 2009, 31 December 2012, by independent evaluators, according to regulations in force at the time.

Evaluations were based on fair value, being the nearest transaction and the inflation rate from that date, taking into account their physical condition and market value.

On 31.12.2013 the last revaluation of the tangible assets group 212 “Constructions” and the land (which exist within the patrimony at this date) occurred. The depreciation was re-addressed proportionally with the modification of the gross accounting value of the asset, so that the accounting value of the asset, after the re-evaluation, will be equal with the revaluated value. The scope of the evaluation of the land was the estimation of the market value in order to be registered in the accounting evidence at the fair accounting value. The fair value of the lands was determined based on the comparable market method, which reflects the recent transaction prices for the same properties.

The evaluation method applied to the ”building” group is the direct comparison method. The revaluation envisaged the adjustment of the net accounting value of the elements included in these categories on their fair value considering their physical status and their market value.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS ACCORDING TO IFRS

**NOTE 12. Tangible assets (continuation)**

All buildings and lands are identified on their revaluated value, this value representing the fair value at the date of the revaluation minus any priory accumulated depreciation and any losses acquired by means of depreciation.

The review was conducted according to International Valuation Standards, by Ms. Lațcu Nicolae, expert qualified professional appraiser authorized member of ANEVAR. The fair value was settled on each asset in gross revaluated values, and as their related depreciation.

On December 31, 2016 were revalued tangible, „Construction Group 212”. Revaluation effects were accounted for using the remaining unamortised value revaluation process which involves the cancellation of accumulated depreciation to bring the construction to the net book value and added value recording. Revalued amount is the fair value at the date of the revaluation less any subsequent accumulated amortization.

Valuation method applied under 'construction' is the replacement net cost method. The review was conducted according to International Valuation Standards 2016 by Mr. Dan Rusu Zaharia, expert qualified, professional appraiser authorized member ANEVAR.

It was determined the fair value of each asset. The revaluation surplus was recognized as revaluation reserve in equity. At 31 December 2016, based on internal analyzes, the Company's management estimates that the net carrying amount approximates fair value of the land. In the year 2017 and 2018 year no tangible assets were valued.

On December 31, 2019 were revalued tangible, „Construction” group 212 and group 2112, „landscaping”. Revaluation effects were accounted for using the remaining unamortised value revaluation process which involves the cancellation of accumulated depreciation to bring the construction to the net book value and added value recording. Revalued amount is the fair value at the date of the revaluation less any subsequent accumulated amortization.

Valuation method applied is the replacement net cost method. The review was conducted according to International Valuation Standards 2018 by Mr. Dan Rusu Zaharia, expert qualified, professional appraiser authorized member ANEVAR.

It was determined the fair value of each asset. The revaluation surplus was recognized as revaluation reserve in equity. At 31 December 2019, based on internal analyzes, the Company's management estimates that the net carrying amount approximates fair value of the land. In 2020 and 2021, the tangible assets were not evaluated. (land and group 212, "Buildings")

In 2022, 2023, 2024 and 2025, tangible assets were not evaluated (land and group 212, "Constructions").

Considering that there are no major changes in the volume of tangible assets (land and group 212 "Constructions"), the management of the Company considers that it is not necessary to evaluate the tangible assets, estimates that the net book value of the land and group 212 "Constructions" approximates the value just. On 31.12.2025, the company registers “Tangible fixed assets in progress” in the amount of 14,240 representing works in progress.

NOTES TO THE SEPARATE FINANCIAL STATEMENTS ACCORDING TO IFRS

**NOTE 12. Tangible assets (continuation)**

Based on IFRS 13 - Fair value measurement, below are presented levels of assessment and evaluation approach.

<b>Group</b>	<b>evaluation approach</b>	<b>Level evaluation</b>	<b>Entry data</b>
Land	The fair value of land is determined by applying the market comparison. Assessment is carried out based on observable market inputs.	level 2	Price per square meter
Construction and Landscaping	The cost approach. Final fair value is determined by applying depreciated replacement cost. Assessment is carried out based on observable market inputs.	level 3	Estimated cost of building and estimation of accrued depreciation (physical,functional and external).
Investment property	The cost approach. Final fair value is determined by applying direct market comparison. Assessment is carried out based on observable market inputs.	level 3	Estimated cost of building and estimation of accrued depreciation (physical,functional and external).

## NOTES TO THE SEPARATE FINANCIAL STATEMENTS ACCORDING TO IFRS

**NOTE 13. Intangible assets (continuation)**

The intangible assets on 31 December 2025, at the net value of 20,666 (01 January 2025: 71,265), represent the non-amortized part of licenses and informatics programs used. The amortization term of intangible assets is 3 years.

**NOTE 14. Inventories**

	<u>31.12.2025</u>	<u>31.12.2024</u>
Raw materials and consumables	3,079,244	2,840,129
Work in progress	807,208	684,739
Finished goods	4,853,177	3,528,698
Advances for stocks	20,466	1,156
<b>Total</b>	<b>8,760,095</b>	<b>7,054,722</b>

The stocks registered in 2025 a rotation speed of (3.72 rotations/year), compared to the year 2024 (4.32 rotations/year). For the establishment of cost on the outflow of the administration of materials, the company uses the first in, first out method (FIFO).

The cost of stocks recognized as expense during the 2025 year with respect to the permanent operations was 5,451,369 (2024: 7,455,777). The company did not register discounts of the accounting value of stocks recognized as expense during the year.

**NOTE 15. Trade receivables and similar receivables, other receivables and advance expense**

	<u>31.12.2025</u>	<u>31.12.2024</u>
Trade receivables	5,278,035	5,618,052
Other non-current receivables	3,000	-
Advances paid	1,995,702	1,492,694
Current profit tax	3,109	11,624
VAT to be collected	122,835	69,615
Non-exigible VAT	47,661	55,130
Other receivables	-	2,018
<b>Total</b>	<b>7,450,342</b>	<b>7,249,133</b>
Advance expenses	43,146	43,565

The trade receivables are registered on the rated value and are described in the analytical accountancy per each natural or legal entity. The receivables in foreign currency were evaluated based on the enforceable rate of exchange at the end of the year, and the differences of the exchange rate were recognized as incomes or expenses of the period.

The balance as at 31.12.2025 of the main receivables is made of:

- Internal clients, amounting 14,044
- External and intra-community clients, amounting 5,263,991

The recovery period of receivables increased in 2025 to 80 days compared to 2024 year, when it was 79 days. The Company has to recover from customers on 31.12.2025 the amount of 5,278,035 of which the outstanding amount at maturity is 4,073,774.

## NOTES TO THE SEPARATE FINANCIAL STATEMENTS ACCORDING TO IFRS

**NOTE 15. Trade receivables and similar receivables, other receivables and advance expense (continuation)**

The structure by aging of trade receivables on the date of 31 December 2025 was:

- non past due, amounting 1,204,261
- outstanding debts between 0 and 30 days, amounting 1,881,757
- outstanding debts between 31 and 60 days, amounting 186,659
- outstanding debts between 61 and 90 days, amounting 197,093
- outstanding debts between 91 and 180 days, amounting 1,401,490
- outstanding debts between 181 and 210 days, amounting 229,552
- outstanding debts between 211 and 360 days, amounting 4,261
- outstanding over 365 days the amount of 172,962

The Company considers that the recognition of an adjustment for depreciation for the outstanding trading receivables is not necessary, because the sold of trading receivables corresponds to the customers with a good payment history.

The trade receivables of the Company are expressed by the following foreign currencies:

	<u>31.12.2025</u>	<u>31.12.2024</u>
<b>Foreign currency</b>		
EUR lei equivalent	5,263,991	5,617,682
LEI	14,044	370
<b>Total</b>	<b>5,278,035</b>	<b>5,618,052</b>

The advance expenses amounting 43,146 on 31 December 2025, (43,565 la 1 January 2025) mainly represent insurance premiums for civil liability insurances for administrators, insurance for the transport facilities and different subscriptions.

**NOTE 16. Cash and cash equivalents**

On the date of 31.12.2025 cash and cash equivalents amounting 417,998 lei decreased by 56,51% compared to the cash and cash equivalents registered on 31.12.2024 amounting 961,128 and it is made of:

	<u>31.12.2025</u>	<u>31.12.2024</u>
Cash in the cash office	5,041	3,978
Bank current accounts	412,957	957,150
<b>Total</b>	<b>417,998</b>	<b>961,128</b>

The current accounts opened at the banks, are permanently available to the Company and are not restricted.

	<b>Initial balance 31.12.2024</b>	<b>Cashments</b>	<b>Payments</b>	<b>Final balance 31.12.2025</b>

- the amount of 483 for 7 days of rest leave related to the persons on leave of the child's growth, remained from the provision established on 31.12.2016 for the rest days not made for 2016.

- the sum of 2,108 for 28 days of rest leave related to the persons on leave of the child's growth, remained from the provision set up on 31.12.2017 for the rest days not made for the year 2017.

- the amount of 455 for 5 days of rest leave from the provision established on 31.12.2018 for the rest days not completed for the year 2018.

- the amount of 107 for 1 day of rest leave from the provision established on 31.12.2020 for the rest days not completed for the year 2020.

- the amount of 545 for 5 days of rest leave from the provision established on 31.12.2021 for the rest days not completed for the year 2021.

- the amount of 2,928 for 24 days of rest leave from the provision established on 31.12.2022 for the rest days not completed for the year 2022.

- the amount of 3,920 for 18 days of rest leave from the provision established on 31.12.2023 for the rest days not completed for the year 2023.

- the amount of 21,209 for 93 days of rest leave from the provision established on 31.12.2024 for the rest days not completed for the year 2024.

- the amount of 211,460 for 964 days of unpaid rest leave related to 2025, constituted in December 2025.

In 2025, revenues from provisions amounting to 371,605 were recorded, as a result of the rest leave not made since 2019, 2020, 2021, 2022, 2023 and 2024. The provision will be adjusted as the rest leave is performed.

**NOTE 21. Risk management**

The main purpose of risk management is to help understanding and identifying the risks which the Company is exposed to, so that they can be anticipated and managed as not to affect the efficient fulfillment of the Company's objectives.

Since the elements of trade receivables and payables are part of the financial instruments, the Company's management reveals that understand and know the information requirements of IFRS 7 regarding the nature and extent of risks arising from financial instruments and their importance.

**NOTES TO THE SEPARATE FINANCIAL STATEMENTS ACCORDING TO IFRS****NOTE 21. Risk management**

The Company's strategy regarding the management of significant risks provides a framework for identifying, assessing, monitoring and control of these risks, in order to maintain them at acceptable levels depending on the company's risk appetite and its ability to cover (absorb) these risks.

The objectives of the strategy related to the significant risk management are as follows:

- determination of significant risks that may arise during the normal course of business of the company and the formalization of a robust framework for their management and control, in line with the objectives of the overall business strategies of S.C. CONTED S.A.. This can be achieved by adopting the best practices, adapted to the size, risk profile and strategy of the company;
- developing the risk mapping to facilitate their identification, to structure them and to rank them depending on the possible impact on the current activity;
- promoting a culture of awareness and risk management in all company structures.

Within S.C. CONTED S.A., the risk management activity is aimed to fulfill these objectives. Within the process of risk management, the company aims to develop policies, standards and procedures by which it can identify, assess, monitor and control or mitigate the significant risks. This framework will be reviewed periodically, according to the risk profile and risk tolerance, as well as due to the changes in legislation, variations of the internal or external regulations.

To this end, the identification and assessment of risks that may arise in the conduct of significant activities is an ongoing activity. The whole personnel must understand the risks that may arise during the performance of the activity, as well as the responsibilities incumbent related to the management of these risks. Thus, the company must provide, maintain and continually develop a robust and consistent risk culture, in all structures.

**a) Risk related to capital**

The management of the risk related to the capital is aimed to ensure the ability to work under good conditions by optimizing the capital structure (equity and payable). Within the analysis of the capital structure the cost of the capital and the risk associated to each class is taken into account. In order to maintain an optimal capital structure and an appropriate level of payable, the company proposes to its shareholders an appropriate dividend policy.

The Company's objectives in managing capital are to ensure the protection and the ability to reward shareholders, to maintain an optimal capital structure to reduce capital costs. The Company monitors the volume of capital raised on indebtedness. This rate is the ratio between net debt and total equity. Net debt is calculated as total debt net of cash. Total capital is calculated as equity plus net debt.

	<b><u>31.12.2025</u></b>	<b><u>31.12.2024</u></b>
Total liabilities	10,777,726	10,047,445
Cash and cash equivalents	417,998	961,128
Total equity	11,056,130	11,001,179
Net debt indicator	0.94	0.83

**b) Currency risk**

Within the business of the company, one of the risks that are frequently met is the currency risk, which is the possibility of incurring financial losses arising from variations of the rates of exchange and/or correlations between them.

## NOTES TO THE SEPARATE FINANCIAL STATEMENTS ACCORDING TO IFRS

**NOTE 21. Risk management (continuation)**

On the other hand, the depreciation of the national currency against major currencies is determined by the intensity of domestic policy which has negative consequences on the financial markets, on the exchange rate and on the stock exchange. The receivables and payables of the company are recorded into the accounting books of the company at their nominal value. The receivables and liabilities in foreign currencies are registered into the accounting books in lei, at the rate of exchange in force at the time of operation performance.

The differences in the rate of exchange between the date of registration of receivables and of the payables in foreign currency, the date of collection, respectively the date of payment thereof shall be recorded as financial income or expenses, as appropriate.

The receivables, payables and availabilities in foreign currency were revalued at the end of each month.

Which expose the Company to currency risk is EUR. The resulting differences are included in the Statement of comprehensive income and does not affect cash flow until the liquidation of the debt.

The company has at December 31, 2025 cash and cash equivalents, trade receivables and trade payables in foreign currencies.

The exchange rates of the national currency against the EUR and USD, calculated as the average rate recorded during the reporting year and the previous year and the exchange rates communicated by the National Bank of Romania on the last day of the year were:

Currency	Medium course		Spot rate at the reporting date	
	<u>2025</u>	<u>2024</u>	<u>2025</u>	<u>2024</u>

Position Net Asset/(Debt)	4,923,364	(4,439,743)	483,621
<b>Profit/(Loss)</b>	<b>246,168</b>	-	<b>246,168</b>

**Currency risk control measures**

As a measure to reduce this risk, the company aims to synchronize at all times its import activity with the export activity, correlating the payment terms and collection thereof, as well as the correlation of the share of the rates of exchange so that the moments when the payments are to be made to be as close or even simultaneously with those coming from export receipts.

Another measure is to anticipate or delay the payment or receipt properly determining the maturity date and to introduce certain price margins for insurance, correlated with the forecasts for the evolution of the currency in which payment is made.

**c) Liquidity risk and cash flow**

This risk results from the incapacity of the company to meet its payment liabilities at any time on short term. On the other hand, the liquidity risk is caused by increased taxation. When we talk about inland revenue, we are talking first about predictability, and the business environment is exposed to sudden changes related to the tax matters (modification, apparition of new taxes, and contributions).

**Control measures of the liquidity risk**

In order to reduce the risk of not collecting the payments on the domestic market, the following measures have been taken:

- assessing the creditworthiness of trading partners by checking on multiple ways, before concluding the contract;
- monitoring of receivables by permanent control and assessment of risks;
- developing loyalty relationships with the customers by periodical meetings to know them and approaching a constructive approach;
- establishing the expenses provisions to cover the risk of default.

**NOTES TO THE SEPARATE FINANCIAL STATEMENTS ACCORDING TO IFRS**

**NOTE 21. Risk management (continuation)**

**d) Price reducing risk**

S.C. CONTED S.A. Dorohoi is exposed to a risk of reducing the prices due to cheaper labor in other countries, changes in the economic, social and political.

**Control measures of price reducing risk**

In order to mitigate these risks, the company has implemented a policy to promote the products by emphasizing the advantages related to high quality and alignment with international regulations. On the other hand, it has in mind to develop its position on regulated markets, which has more restrictive conditions for access on the market and relatively higher price levels.

**e) Risks of lohn system**

Mainly S.C. CONTED S.A. produces textiles using the lohn system (CM – cut and make) but it can produce textiles with its own fabrics (imported from France, Italy, Spain, Turkey etc.) and auxiliary, at the customer's request (CMT – cut-make-trim).

Over the time, S.C. CONTED S.A. may be more or less affected by the changes of what we call environment or external factors, certain factors of this environment may adversely affect the activity of this company. These political, legal, economic, social and cultural factors can have a negative impact, therefore creating a failure transposed in high response time into the market and delays in delivery.

Political and legal factors can influence the company's business that operates according to the lohn system by imposing regulations that may be related to import-export of goods, economic factors that influence the economy of a country which can also influence the purchasing power.

**f) Political and legislative risk**

Legislative changes related to the textiles market lead to a legal risk that must be managed at all times. The company's effort to adapt constantly to varying legislative requirements can generate significant additional costs and potential future amendments to the legislative framework could have negative effects on the activity and profitability of the company.

**Legislative risk control measures**

The strategy of the company in managing these risks entails:

- a permanent concern to obtain the international certifications of the manufacturing flows;
- updating the licensing documentation for the products in the portfolio;
- permanent monitoring of legislative changes at international level.

**g) Risks to losing certain markets (contracts)**

The decline in the market price of the competing products lead to a non-competitive position, the loss of the partner's interest for the Conted products, as a result of the introduction of new products on the market, lead to the loss of some markets (contracts).

**Measures to control the risk of loss of certain markets (contracts)**

To manage this risk the company takes into account:

- tracking continually the trends of the international trade policy and adopting a strategy of diversified export, structurally and geographically, with a differential approach of developed markets and of developing countries;
- concluding strategic partnerships with companies which hold important positions on the international markets, which are able to pursue judiciously such risks;
- anticipating the legislative requirements, to adapt the product documentation to certain requirements or to compensate on the other markets;
- customer retention;
- identifying new business partners and other methods of cooperation (compensation).

**NOTES TO THE SEPARATE FINANCIAL STATEMENTS ACCORDING TO IFRS**

**NOTE 21. Risk management (continuation)**

**h) Operating risks**

One of the serious problems that S.C. CONTED S.A. is currently facing is that related to the recruitment and employment of staff specialized in textiles. Failure to attract a sufficient number of suitably qualified personnel, migration, incapacity to adapt to the labor market, and increased personnel costs are risks that might affect the work done by the issuer.

Among the uncertainty factors that could affect the Company's business we can mention:

- producing clothing that can stand on the circuit and on stock for more than one month, due to delay of supply with raw materials and auxiliary materials from customers;
- temporary suspension of activity due to unexpected circumstances;
- increasing the minimum gross salary guaranteed for payment, which will decrease the attractiveness of light industry;

The increase the minimum gross salary guaranteed for payment at the level of the country of the workers in the textile industry, may lead to loss of contracts by clothing factories in Romania and they are transferred to countries with cheaper labor force. The related industry is losing its competitiveness year after year, and the Lohn system "migrates" into cheaper countries with much lower wage levels.

S.C. CONTED S.A. implements a constant supervision of operational risks in order to take measures to keep them at an acceptable level, which does not threaten its financial stability, the interests of the creditors, shareholders, employees, and partners.

**NOTE 22. Related parties**

The Company has no share capital in other companies.

**Transactions with the key management personnel**

**Loans granted to the manager**

The company did not grant advances, credits or loans to the administration and management institution members in 2025 year.

**Benefits of the key management personnel**

The waging rights of the General Manager are established by the Board of Directors in accordance with the legal provisions and the contract of mandate. The remuneration of the Management Board members are approved by the General Meeting of the Shareholders.

Granted waging rights	Nr. persoane	<u>2025</u>	<u>2024</u>
General Manager	1	133,547	111,443
Management Board Members	3	1,600,995	1,339,418

**NOTE 23. Further events**

There are no further events that may influence these financial statements.

The separate financial statements were approved by the Board of Directors at the meeting of 12.03.2026 and signed on behalf of it by:

**Representative of the President of the Board of Directors,  
Eng. HAMIDI HAISSAM**

**Chief Economic Office,  
Ec. Mihai Elena**

Regulated market of the securities: B.V.B. - Standard Category

Market symbol: CNTE

Number of shares: 239.702

Nominal value: 9.53 lei

Subscribed and paid registered capital: 2,284,360.06 lei

Securities: nominative

### General presentation of the company

S.C. Conted S.A. is a joint stock company, a Romanian legal entity with unlimited life that is organized and operated according to its statute and under the Companies Law no. 31/1990 of the Law regarding the capital market no. 297/2004 and of Law no. 24/2017 on issuers of financial instruments and market operations. The company is headquartered in Dorohoi, 1<sup>st</sup> December Street No. 8, Botosani county, Romania, zip code 715200, phone 0231610067, [www.conted.ro](http://www.conted.ro), Tax Identification Number RO 622445, Trade Register Office number: J1991000107079.

S.C. CONTEDED S.A. Dorohoi is a high quality garment manufacturer, with an experience of over 60 years in the field of garment manufacturing as well as in the field of export production. The company recorded an ascending evolution, expanding its retail market through contracts with foreign companies.

The company CONTEDED S.A. Dorohoi is specialized in producing garments for men, women and children: suits, jackets, trousers, coats, skirts, jackets, military uniforms, jackets, vests. We mainly produce garments in lohn system (CM –cut and make), but we also can produce garments with our own fabrics (imported from France, Italy, Spain, Turkey etc.) and trims, as the customer wants (CMT – cut-make-trim). We have possibilities to develop the styles.

The company mainly works in lohn system, having clients that sell their goods in the European community. At the same time, the Company does not neglect new collaboration offers, for which samples or prototypes are made, accepting orders with smaller quantities for prospecting the market.

The registered capital of the company is of 2,284,360.06 lei, fully subscribed and paid, divided in 239,702 nominative shares to the amount of 9.53 lei/share. The company's shares are ordinary, nominative, dematerialized, and registered into account, their records being kept under the law by the Central Depository S.A. from Bucharest. The shares are of equal value and provide equal rights to the shareholders for each share. The company's securities (shares) are registered and traded at the standard category of Bucharest Stock Exchange.

# CONTEDED

FASHION MANUFACTURING SINCE 1967

## 1.1.2. Evaluation of the company's technical level

a) The main activity was the production of garments, profiled on the following types: men and women outer garments such as coats, suits, jackets, blazers, trousers, skirts, vests. The company income was obtained by the trading of the garments produces on the European and internal market.

b) In the production structure, a percentage of about 64% represent the jackets, 21% pants and 15% coats, jackets, vests and other products. In total income, (turnover) the jackets represent about 55%, the trousers represent about 23%, the coats 10%, costumes 3%, jackets 2%, nouvelles 4% and various services 3%.

The products manufactured by S.C. CONTEDED S.A. are intended for both internal market and foreign market.

In 2025 the production manufactured for export represents 97%, from the total production.

c) As for the next period, the company shall focus on the varied range of products.

## 1.1.3. Evaluation of material and technical supply.

The company uses raw materials brought by the customer as well as raw materials supplied by the company.

## 1.1.4. Sales evaluation

a) The internal market sales of 2025 were of 711,958 lei, in the European community were of 26,254,999 lei.

On a medium and long term, we believe it is mandatory for us to focus on the following issues:

- Analysis of the international fashion trends;
- Analysis of the fabrics and combinations of fabrics, matching;
- Analysis of internal and international market for fabrics and trims providers;
- Identifying the market niches;
- Distribution of products through our own shop and collaborators.

b) Due to the lack of statistical data, we cannot comment on the weight of our products on the market, or on the main competitors, but we know that is an area with a special competition.

c) The company, no matter the circumstances, does not collaborate with only one customer, but with several customers, in order to avoid stagnation due to unfavorable conditions. However, we recognize that we depend on each customer, because they can always turn to geographic areas where the workforce is cheaper.

## 1.1.5. Evaluation of the issues related to the company's employees

a) On 31.12.2025, the staff average number was of 344 persons. From the total of the company's employees, 10 of them have higher education, the rest of the employees having secondary education, vocational schools, lower secondary schools and training courses or without training courses, the number of unqualified employees being of 131 persons.

In 2025 we have recorded a number of 8 individual work contracts legally suspended.

Regarding the qualification level, we notice the fact that the lab our market has less and less offers of qualified staff, starting with engineers from the textiles area and up to the garment workers or the mechanics from our profile industry area. From this reason, we increasingly rely on unskilled or aged staff, coming from dissolved units or units in which layoffs were made.

# CONTEDED

FASHION MANUFACTURING SINCE 1967

We have to train all this staff at least at a minimum level, training that may last for 2-3 months, period of time in which, irrespective of the result and quality of their work, the company provides them, according to the law, the payment of the minimum gross salary guaranteed.

In 2025 the staff turnover was as follows: 49 persons left the company and another 41 were employed.

Within the company, at the end of 2025, no union organizations are active.

b) There are no disputes between management and employees that might affect the company's activity.

### **1.1.6. Evaluation of the issues regarding the impact of the company's main activity on the environment.**

We don't cause any negative impact on the environment deriving from our company's activity profile, whereas we have organized an environment monitoring activity and a collection, delivery and storage system of waste.

The company operates under the Environmental Permit no. 117 of 26.11.2019 targeted annually, according to Decision no. 307 of 24.10.2024 for the period 26.11.2024 - 26.11.2025, after this date Conted requested the revision of Environmental Authorization No. 117 of 26.11.2019.

The main waste derived from the company's activity is:

- textile waste, paper and cardboard waste, plastic waste, domestic waste, medical waste, fluorescent tube waste and other mercury-containing waste, synthetic hydraulic oil waste, contaminated packaging waste.

These ones are collected on categories and stored in the indoor waste repository, being then verified by authorized agents. We have contracts for collection with the following specialized agents: S.C. Sterileco S.R.L. București, S.C. Copacart Edil S.R.L. Jariștea, County Vrancea, S.C. Foliplast S.R.L. Botosani, S.C. Danimet Exim S.R.L. Botoșani, for textiles, paper and cardboard, plastics and the others mentioned above and with S.C. Fritehnic S.R.L. Suceava for domestic waste.

In order to monitor the impact on the environment of the two boilers used for the production of technological steam, on a yearly basis, with the help of authorized companies, flue gas measurements are performed, concerning the emission of pollutants into the atmosphere, test reports being issued. Up to now, according to the issued test reports, our test results were within the permissible limits.

Also, at the level of environmental impact, noise measurements are periodic performed at the property boundary, by Public Health Directorate Botoșani, the measured values being within the permissible limits. According to the law in force, trimestral, biannual and yearly basis, reports are submitted to the Environment Agency, concerning the compliance with environmental quality, and every month it is drafted the Statement regarding the liabilities towards the environment fund, for: emissions of pollutants into the atmosphere from stationary sources (steam boilers) and waste from packaging placed on the market (plastic, paper and cardboard).

### **1.1.7. Evaluation of research and development activity**

The company did not estimate and did not incur research and development expenses in 2025.

FASHION MANUFACTURING SINCE 1967

## 1.1.8. Evaluation of the company's activity regarding the risks management

The company is exposed to the following risks:

- Risk related to capital
- Exchange risk
- Liquidity and cash flow risk
- Risk of price reduction
- Risk of lohn system
- Political and legislative risk
- Risk of losing some markets
- Operational risks

## Legal frame regarding risks management

The company's Board of Directors has the general responsibility to establish and monitor the risk management system at the company level.

The activity is governed by the following principles:

- a) The principle of delegation of professional skills;
- b) The principle of decision-making autonomy;
- c) The principle of objectivity;
- d) The principle of investors' protection;
- e) The principle of promoting the development of the stock market;
- f) The principle of the active role.

The Board of Directors is also responsible for the examination and approval of the strategic, operational and financial plan of the company, as well as of the corporate structure of the company. The company's policies of risk management are defined so as to ensure the identification and analysis of the risks which the company incur, the setting of the appropriate limits and controls, as well as the monitoring of the risks and of the compliance with the set limits.

The risk management policies and systems are regularly reviewed in order to reflect the changes in the market conditions and the company's activities.

The company, by its training and management standards and procedures, aims to develop an orderly and constructive control environment in which all employees understand their roles and obligations.

The main purpose of risk management is to help understand and identify risks to which the Company is exposed so that they can be anticipated and managed so as not to affect the efficient fulfillment of the company's objectives.

Since the elements of trade receivables and payables are part of the financial instruments, the Company's management reveals that understand and know the information requirements of IFRS 7 regarding the nature and extent of risks arising from financial instruments and their importance.

The Company's strategy regarding significant risk management provides a framework for identifying, evaluation, monitoring and control of these risks, in order to keep them at acceptable levels according to the company's risk appetite and its ability to cover (absorb) these risks.

S.C. CONTEDED S.A. : Str. 1 Decembrie 1918, N°8 – jud. BOTOSANI- 715200 – DORHOI ROMANIA

# CONTEDED

FASHION MANUFACTURING SINCE 1967

## The objectives of the strategy regarding the significant risk management are:

- determination of significant risks that may arise in the normal course of the company's activity and formalization of a robust framework for their management and control, according to the objectives of the general strategy of SC CONTEDED S.A. This is achieved by adopting best practices, adapted to the size, profile and risk strategy of the company;
- development of risk maps to facilitate their identification, structuring and ranking according to the possible impact on the current activity;
- promoting a culture of risk awareness and management in all company structures;

Within SC CONTEDED S.A., the risk management activity aims to fulfill these objectives.

In the process of risk management, the company aims to develop policies, standards and procedures by means of which the significant risks may be identified, assessed, monitored and controlled or mitigated. This framework will be reviewed periodically, according to the risk profile and risk tolerance, due to the changes in legislation, the internal or external changes.

To this end, the identification and assessment of risks that may arise within the significant activities, is a permanent activity. The entire staff must understand the risks that may arise within the developed activity, and the responsibilities incumbent concerning the management of these risks. Thus, the company must provide, maintain and continually develop a robust and consistent risk culture, in all structures.

### Risk regarding the capital

Capital risk management aims to ensure the ability to work in good conditions by optimizing the capital structure (equity and debt). The analysis of capital structure deals with the capital cost and the risk associated with each class.

To maintain an optimal capital structure and an appropriate level of debt, the company proposes to the shareholders an appropriate dividend policy. The Company's objectives in managing capital are to ensure the protection and the ability to reward shareholders, to maintain an optimal capital structure to reduce capital costs. The Company monitors the volume of capital raised on indebtedness.

### Currency risk

Within the company business, one of the risks with a high frequency is the currency risk, which consists in the possibility of financial loss arising from the changes in exchange rates and/or correlations between them.

On the other hand, currency depreciation as against the major currencies is caused by the internal political intensity which has negatively affected financial markets, exchange rate and stock exchange.

The company's receivables and liabilities are recorded in the accounting system at their nominal value. The receivables and liabilities in foreign currencies are accounted in lei, at the exchange rate in effect at the time of operation.

Exchange differences between the date of registration of foreign currency receivables and liabilities and the date of receipt or payment thereof shall be recorded as financial income or expenses, as appropriate. The receivables, liabilities and cash in foreign currency were revalued at the end of each month.

# CONTEDED

FASHION MANUFACTURING SINCE 1967

## Currency risk control measures

As a measure to reduce this risk, the company aims to continuously synchronize the import activity with the export one, by correlating the payment and cashing, as well as correlating the currencies weight, so that the moments in which payments are to be made to be as close or even simultaneously with those of export receipts. Another measure is to anticipate or to delay the payment or cashing by appropriate setting of the maturity and the introduction of precautionary margins in the price, correlated with the prognosis for the evolution of the currency in which payment is made.

## Liquidity and cash-flow risk

This risk comes from the inability of the company to meet its short-term payment obligations at any time. On the other hand, the liquidity risk is caused by the increasing taxation. When we talk about taxation, we refer in the first instance to predictability and the business environment is exposed to day-to-day changes in terms of taxation (modification, creation of new taxes, contributions).

## Control measures of the liquidity risk

In order to mitigate the uncollectibility risk on the internal market, the following measures were taken:

- assessing the creditworthiness of the trading partners by verification, in various ways, before the conclusion of the contract;
- monitoring of receivables by permanent control and assessment of the risks;
- developing loyalty relationships concerning the customers through regular meetings in order to know them and to approach a constructive attitude;
- setting up expenses provisions to cover the risk of nonpayment.

## The risk of prices mitigation

S.C. CONTEDED S.A. is exposed to a risk of reducing the prices due to cheaper labor in other countries, changes in the economic, social and political.

## Control measures against the price mitigation risk

In order to mitigate these risks, the company develops a policy to promote the products by emphasizing the advantages related to high quality and alignment with international regulations. On the other hand, the company aims to develop its position on the regulated markets, which have a more restrictive market access and relatively higher price levels.

## The risk of lohn system

S.C. CONTEDED S.A. mainly produces garments in lohn system (CM –cut and make), but they can also produce garments with their own fabrics (imported from France, Italy, Spain, Turkey etc.) and trims, as the customer wants (CMT – cut-make-trim).

Over time, SC CONTEDED S.A. may be affected more or less by the changes in what we call environment, certain factors of this environment may adversely affect the activity of this company.

These politico-legal, economic, socio-cultural factors can have a negative impact, thus creating a high failure transposed in the market response and delays in delivery.

Politico-legal factors can influence the company's business which is operated by lohn system, by imposing some regulations that may be related to the import-export of goods, the economic factors influencing the economy of a country that can influence the purchasing power, also.

# CONTEDED

FASHION MANUFACTURING SINCE 1967

## Political and legal risk

Legislative changes aiming the textiles market lead to a legal risk that must be managed continuously. The company's effort to adapt constantly to the changing legislative requirements can generate significant additional costs and the potential future amendments to the legislative framework could have negative effects on the activity and profitability of the company.

### Control measures of the legal risk

The company's strategy in managing these risks requires:

- Permanent concern to obtain the international certifications concerning manufacturing flows;
- Updating the licensing documentation for the portfolio products;
- Permanent monitoring of legislative changes at an international level.

### The risk of losing some markets (contracts)

The decline in the market price of the competing products lead to a non-competitive position, the loss of the partner's interest for the Conted products, as a result of the introduction of new products on the market, lead to the loss of some markets (contracts).

### Control measures for the risk of losing some markets (contracts)

To manage this risk, it is taken into account:

- continuous monitoring of the international trade policy trends and adopting a diversified export strategy, structurally and geographically speaking, through a differential approach of the developed and developing markets;
- strategic partnerships conclusion with companies holding important positions in international markets, which are able to pursue judiciously such risks;
- anticipate legislative requirements, in order to adapt products documentation to certain requirements or to compensate in other markets;
- customer loyalty;
- identifying new business partners and other cooperative arrangements (compensation)

## Operational risks

One of the serious problems that the company SC CONTEDED S.A. is currently experiencing is related to the recruitment and employment of staff specialized in textiles. The failure to attract a sufficient number of suitably qualified personnel, migration, unadjusted labor market, and increased personnel costs are risks that could affect the activity developed by the issuer.

Among the uncertainty factors that could affect the Company's business, we mention:

- production of garments that stagnate on the circuit and in stock for more than one month, due to the delay of raw materials and trims supply from the customers;
- temporary suspension of activity because of unforeseen situations;
- the increase of the minimum gross basic salary guaranteed, which will decrease the attractiveness of light industry;

The increase of the minimum gross basic salary guaranteed for payment to the textile workers, may lead to the loss of contracts by the clothing manufactures from Romania and their gaining by the countries with cheaper labor. The profile industry is losing competitiveness year after year, and the Lohn "migrates" in cheaper countries, with much lower wage levels. S.C. CONTEDED S.A. performs constant supervision of operational risks in order to take measures to keep them at an acceptable level, which does not threaten its financial stability, creditors, shareholders, employees, partners' interests.

## 4.2. Presentation of the executive management members of the company

### General Manager

a) The Board of Directors, in accordance with Law 31/1990 art.143, has delegated the executive management of the company to a general manager, who is not an administrator.

Taking note of the resignation no. 5979 dated 21.11.2024 of Ms. Popovici Adriana from the position of General Manager starting with 20.12.2024, the members of the Board of Directors met in the meeting of the Board of Directors on 17.12.2024 and unanimously decided to appoint Ms. Mihai Elena as General Manager, for a period of 3 months, from 20.12.2024 to 20.03.2025.

Ms. Mihai Elena is 59 years old, was born on 25.07.1966 in Broscăuți, Botoșani County, is an economist by profession, with 39 years of experience.

The members of the Board of Directors met in the meetings of the Board of Directors and unanimously decided to extend the mandate contract of Mrs. General Manager, Mihai Elena as follows:

- In the meeting of 12.03.2025, they approved the extension of the mandate for a period of 3 months, starting with 21.03.2025 until 21.06.2025
- In the meeting of 18.06.2025, they approved the extension of the mandate for a period of 3 months, starting with 21.06.2025 until 21.09.2025
- In the meeting of 17.09.2025, they approved the extension of the mandate for a period of 3 months, starting with 21.09.2025 until 20.12.2025

Following the expiration of the term for which the mandate contract of Mrs. Mihai Elena was extended, in the meeting of the Board of Directors on 11.12.2025, the members of the Board of Directors decide and approve the revocation of Mrs. Mihai Elena from the position of General Manager, starting with 20.12.2025, and the election and appointment of a new General Manager, Mrs. Munteanu Mioara - Laura for a 1-year mandate, from 20.12.2025 to 20.12.2026.

The General Manager is mandated with decision-making powers for the organization and management of the company's business, to use and manage the company's funds, to represent the company towards third parties.

The General Manager has the following attributions and prerogatives:

- ✓ fulfil its obligations with the diligence of a good owner;
- ✓ implement strategies to ensure and maintain economic and development efficiency of the company;
- ✓ selection, hiring and firing of the employed personnel;
- ✓ collective work contract negotiations;
- ✓ individual work contract negotiations;
- ✓ signing legal documents in the name and on behalf of the company; legal acts for which, according to Law no. 31/1990 or the articles of incorporation, it is necessary the approval of General Assembly of Shareholders or Board of Directors at their conclusion;
- ✓ participate to the Board of Directors meetings, where he will present quarterly reports containing relevant information;
- ✓ participate to the general assemblies of the shareholders;
- ✓ declare his quality as representative of the company in all legal acts to be concluded on behalf of the company;
- ✓ observe the provisions of Law no. 31/1990 regarding the duties and responsibilities of a manager;

# CONTEDED

FASHION MANUFACTURING SINCE 1967

- ✓ approve Rules of procedure and functioning, Internal Rules and other regulations in areas such as: emergency internal service; security, under the Act. no. 319/2006 on safety and health at work

The General Manager informs the Board of Directors about the irregularities found and the measures taken or the measures that might be within the competence of the board of directors.

The General Manager or the other appointed executives may be revoked at any time by Board of Directors under the law and the mandate contract. If the revocation occurs without a due cause, the person concerned can claim damages. The Board of Directors retains the duty of representing the company in relations with the general manager or other directors appointed by the president.

The act of representing the company in dealings with third parties and the justice belongs under delegated powers, based on the mandate contract, to the General Manager.

The managers delegated by the Board of Directors will need to be authorized by the Board of Directors, the managers/ administrators or internal auditors of other competing companies or with the same activity object cannot exercise the same trade or other competing trade on their account or somebody else's account under penalty of revocation and liability for damages.

b) There is no agreement, understanding or family link between the director and other persons by whom the director is to be named.

c) Participation of the respective person to the registered capital - Not applicable.

**4.3.** All the persons provided at art. **4.1.** - **4.2.** are not undergoing litigations or administrative procedures related to their activity within the issuer and are capable to fulfil their attributions within the company.

#### **4.4. Corporate governance**

S.C. CONTEDED S.A. is administered under a unitary system in accordance with the provisions of the articles of incorporation and of Law no. 31/1990 republished, with all subsequent amendments, Subsection I - The unitary system art. 137, pt. 1 and 2, able to ensure the smooth functioning of the company. The corporate governance structures of S.C. CONTEDED S.A. are represented by the Board of Directors and the executive management.

S.C. CONTEDED S.A. is managed by a Board of Directors composed of 3 members, non-executive directors, temporary and revocable, appointed by the General Assembly of Shareholders for a period of 4 years. In its activity, the Board of Directors makes decisions.

The legally adopted decisions are binding for both the executive management of the company and for the administrators who voted against and are enforceable since their written communication, or from the moment of general notification through the Secretariat of the Board of Directors, if their content does not provide another term, subsequent to the notification date, starting with which, they will come into force. The revocation of the Board of Directors members can be made at any time by the Resolution of the General Assembly of Shareholders.

The main objective of the Board of Directors, defined and determined by the peculiarities of S.C. CONTEDED S.A. and by the macroeconomic context in which it operates, is the establishment of a balance between the optimum business continuity and the shareholder expectations satisfaction.

FASHION MANUFACTURING SINCE 1967

The internal, accounting and financial control of the company had in view the provision of an accounting management and of a financial follow-up of the activities to meet the defined objectives.

In terms of accounting rules, the company has elaborated:

- the accounting policies manual;
- procedures for the implementation of this manual;
- knowledge of the accounting and tax legislation development;
- carrying out specific controls on sensitive points;
- identification and appropriate treatment of anomalies;
- adapting the software to the needs of the entity;
- compliance with accounting rules;
- ensuring accuracy and completeness of accounting records;
- compliance with the qualitative characteristics of information from the financial statements so as to meet the needs of the users.

## Internal audit

The internal audit is provided through a services contract by a company independent of the S.C. CONTEDED S.A. management, subordinated to the Board of Directors.

The internal audit is carried out based on an audit plan established in accordance with company objectives. The internal audit activity plan was approved by the Board of Directors.

The internal auditor should have an experience appropriate to its duties. The Internal Auditor shall have competence in accounting and/or auditing.

The Internal Auditor has the following attributions:

- ✓ supervision of the company's management;
- ✓ checking whether the financial statements are legally prepared and in accordance with the records, if the latter are held regularly and if the property valuation was done according to the rules for the preparation and presentation of financial statements;
- ✓ examining the claimed situations, in accordance with the law, by shareholders and depending on the findings, legal action shall be taken;
- ✓ maintenance of professional secrecy during the mandate and for at least three years after its expiry.

To this end, the Internal Auditor will present detailed reports, and the reporting manner and procedure are those provided by the rules drawn up by the Chamber of Financial Auditors of Romania.

The internal auditor shall inform the Board of Directors members the irregularities related to the administration. The internal auditor shall present at least quarterly and whenever it is necessary to analyze the audit report and/or external auditor's opinion on key issues arising from the audit of the annual financial statements/biannual reports and on the process of financial reporting and shall recommend the appropriate measures to be taken.

The Internal Auditor deliberations are recorded in a register and are presented to the Board of Directors. Quarterly, the internal auditor shall submit to the Board of Directors a report containing a summary of the work done and recommendations on matters falling within its remit, ie the financial reporting area, of the internal control and of the risk management.

**AFFIDAVIT**  
**according to the provisions of art. 30 from the Accounting Law no. 82/1991**

The undersigned HAMIDI HAISSAM, as Representative of the President of the Board of Directors of S.C. CONTED S.A., headquartered in Dorohoi, str. 1 Decembrie, nr. 8, registered at the Trade Registry under no. J1991000107079, VAT code RO 622445, I undertake entire responsibility for the drafting of the individual yearly financial statements at 31.12.2025 and I confirm the following:

a) The accounting policies used at the drafting of individual yearly financial statements at 31.12.2025 are in compliance with the International Financial Reporting Standards adopted by the European Union.

b) The individual financial statements at 31.12.2025 offer an accurate and precise image of the assets, liabilities, financial position, comprehensive income and of the other information related to the developed activity.

c) The Board of Directors report on the financial year 2025 contains an accurate analysis of the company's development and performances, as well as a description of the main risks and uncertainties specific to the developed activity.

d) S.C. CONTED S.A. develops its activity in a continuous manner.

**Representative of the President of the Board of Directors,**  
**Eng. HAMIDI HAISSAM**

## Comply-or-Explain Statement (CES) Company Name:

Section	Principle	Prov No.	Provision (detailed)	Yes	Partial	No	Explanation (text and url link if document is on website)
<b>A: GOVERNING BODIES</b>							
A: GOVERNING BODIES	A.1. The Board should ensure the Company's long-term success and sustainability for the best interest of the Company and its shareholders and taking into account the interests of other stakeholders. The Board should clearly define and disclose the full scope of its roles and responsibilities.	A.1., 1	The Board should have an internal regulation that formalises and clearly states its roles and responsibilities. The articles of association, Board's internal regulation and other internal regulations should clearly delineate the roles and competencies among the Board, general meeting of shareholders (GMS) and executive management.			x	The company has not adopted an operational regulation for the Board of Directors. The Board of Directors' responsibilities, the key positions and the operating mode are the ones provided by the articles of incorporation and the legal provisions.
A: GOVERNING BODIES	A.1. The Board should ensure the Company's long-term success and sustainability for the best interest of the Company and its shareholders and taking into account the interests of other stakeholders. The Board should clearly define and disclose the full scope of its roles and responsibilities.	A.1., 2	Board's internal regulation should include, among others, the Board's responsibilities as well as fiduciary duties of directors to act on a fully informed basis, in good faith, with due diligence and care, and in the best interest of the Company, its shareholders and taking into account the interests of other stakeholders in line with legal requirements.			x	
A: GOVERNING BODIES	A.1. The Board should ensure the Company's long-term success and sustainability for the best interest of the Company and its shareholders and taking into account the interests of other stakeholders. The Board should clearly define and disclose the full scope of its roles and responsibilities.	A.1., 3	To sustain the Company's long-term viability and success, the Board should: <ul style="list-style-type: none"> <li>Oversee the development and approve the Company's strategy and ensure that it also integrates sustainability aspects, including environmental and social (E&amp;S) considerations and climate-related risks and opportunities;</li> <li>Appoint and dismiss CEO and other executives to whom executive management responsibilities were delegated (called executive management ) and ensure their succession planning;</li> <li>Oversee the management performance, management role in addressing material sustainability risks and opportunities and align the remuneration of executive management with the long-term interests and sustainability of the Company, according to the provisions of the Company's remuneration policy;</li> <li>Ensure there is a sound framework for internal controls and risk management;</li> <li>Ensure that the Company has in place procedures to enable effective communication with shareholders and other stakeholders.</li> </ul>	x			
A: GOVERNING BODIES	A.1. The Board should ensure the Company's long-term success and sustainability for the best interest of the Company and its shareholders and taking into account the interests of other stakeholders. The Board should clearly define and disclose the full scope of its roles and responsibilities.	A.1., 4	Duration of appointment of Board and executive management should be set clearly and should, to the extent possible, foster stability and predictability.	x			
A: GOVERNING BODIES	A.2. The Board should have an appropriate balance of skills, experience, gender diversity, knowledge and independence to enable it to effectively perform its duties and responsibilities.	A.2., 1	The Board should have at least five members.			x	The Bylaws provides 3 members, according to art. 137, paragraph 2 from Law 31/1990.
A: GOVERNING BODIES	A.2. The Board should have an appropriate balance of skills, experience, gender diversity, knowledge and independence to enable it to effectively perform its duties and responsibilities.	A.2., 2	The Board should have in place a policy on Board and executive management diversity and should ensure that diversity requirements in terms of gender, age, experiences and skills are incorporated in the Nomination Policy.	x			

A: GOVERNING BODIES	A.2. The Board should have an appropriate balance of skills, experience, gender diversity, knowledge and independence to enable it to effectively perform its duties and responsibilities.	A.2., 3	The Board should develop a Board profile which specifies the desired characteristics and traits of its members including factors such as independence, diversity, integrity, specific skills and experience, industry knowledge, ability and willingness to devote adequate time and effort to Board responsibilities in the context of the needs of the Board and its committees and their exercise of the Board's strategic and oversight roles. The Board profile can be part of the Nomination Policy.	x			
A: GOVERNING BODIES	A.2. The Board should have an appropriate balance of skills, experience, gender diversity, knowledge and independence to enable it to effectively perform its duties and responsibilities.	A.2., 4	The majority of the members of the Board should be non-executives. At least a third of the Board members should be independent. Each independent member of the Board should submit a declaration regarding his/her independence at the time of his/her nomination for election or re-election as well as when any change in his/her status arises, as per the criteria of independence defined in law and in Appendix A to the Code.	x			The 3 members of the Board of Directors are non-executive administrators.
A: GOVERNING BODIES	A.2. The Board should have an appropriate balance of skills, experience, gender diversity, knowledge and independence to enable it to effectively perform its duties and responsibilities.	A.2., 5	The Nomination and Remuneration Committee (or the entire Board if there is no Nomination and Remuneration Committee) should assess whether the directors can be considered independent under the factors taken into account, by examining whether there are any business or other personal relationships that could materially affect the independence and objectivity of the director and his/her ability to act in the best interests of the Company, its shareholders and stakeholders.	x			
A: GOVERNING BODIES	A.2. The Board should have an appropriate balance of skills, experience, gender diversity, knowledge and independence to enable it to effectively perform its duties and responsibilities.	A.2., 6	The positions of Chairperson and Chief Executive Officer (CEO) are recommended to be held by different individuals.	x			
A: GOVERNING BODIES	A.2. The Board should have an appropriate balance of skills, experience, gender diversity, knowledge and independence to enable it to effectively perform its duties and responsibilities.	A.2., 7	If the Chairperson and CEO functions are performed by the same person, it is recommended that the Board appoints an independent Vice-Chairperson.	x			
A: GOVERNING BODIES	A.3. The Board should ensure that a formal, rigorous and transparent procedure is put into place regarding the nomination of new members to the Board.	A.3., 1	The Company should develop and disclose a board nomination policy ("Nomination Policy") that should define the processes and procedures for the nomination, election or replacement of a director. The Nomination Policy, approved by the competent governance body, shall describe how the Company receives and evaluates nominations from shareholders (including minority shareholders) or from members of the Board, including in relation to the board profile, independence and diversity.			x	It will be implemented
A: GOVERNING BODIES	A.3. The Board should ensure that a formal, rigorous and transparent procedure is put into place regarding the nomination of new members to the Board.	A.3., 2	The Board, through its Nomination and Remuneration Committee, if established, should monitor the nomination process of candidates for the position of Board member.			x	It will be implemented
A: GOVERNING BODIES	A.3. The Board should ensure that a formal, rigorous and transparent procedure is put into place regarding the nomination of new members to the Board.	A.3., 3	The Company should disclose to shareholders information on the experiences and CV of the director candidates that they require to make an informed decision on the appointment or reappointment of the directors including the following: <ul style="list-style-type: none"> <li>• Candidates' professional commitments and engagements, including executive and non-executive positions in companies, public authorities, not-for-profit bodies or other organisations;</li> <li>• Any existing or potential conflicts of interest including whether they have business, family or other relationships that could affect their performance as directors on the Board;</li> <li>• Which shareholder or member of the Board proposed each candidate for the Board positions.</li> </ul>			x	It will be implemented
A: GOVERNING BODIES	A.4. The Board should establish committees which should assist the Board in the performance of its key responsibilities, dealing with strategic challenges and in managing sensitive issues with high potential for conflicts of interest.	A.4., 1	The Board shall establish an Audit Committee to enhance its oversight capability over the financial reporting, internal control framework, internal and external audit processes, and compliance with applicable laws and regulations. Where a separate risk management committee is not required by law or already established, the Audit Committee will also include oversight responsibilities for the efficiency of the risk management framework.			x	Without an audit committee, the Board of Directors is the one who receives the inspection reports of the internal auditor and who is responsible for the annual evaluation of the internal inspection system.
A: GOVERNING BODIES	A.4. The Board should establish committees which should assist the Board in the performance of its key responsibilities, dealing with strategic challenges and in managing sensitive issues with high potential for conflicts of interest.	A.4., 2	The Audit Committee is recommended to be composed of non-executive directors. The majority of the Committee members is recommended to be independent, including the Committee chairperson. The Audit Committee, as a whole, should have competencies relevant to the Company's area of operations. The Committee and its members should comply with the applicable national and European legislation.			x	No audit committee being established, there is no question of electing an independent non-executive director to manage the committee.

A: GOVERNING BODIES	A.4. The Board should establish committees which should assist the Board in the performance of its key responsibilities, dealing with strategic challenges and in managing sensitive issues with high potential for conflicts of interest.	A.4., 3	The Boards of Premium Tier companies should set up a Nomination and Remuneration Committee formed of non-executive directors. The majority of the Committee members is recommended to be independent, including the Committee chairperson. The Board may also establish a separate Nomination Committee and a separate Remuneration Committee if the Board composition accommodates it and if this is justified given the Company's size and complexity of its business and governance structures.			x	
A: GOVERNING BODIES	A.4. The Board should establish committees which should assist the Board in the performance of its key responsibilities, dealing with strategic challenges and in managing sensitive issues with high potential for conflicts of interest.	A.4., 4	In addition to its specific responsibilities as provided under this Code, the Nomination and Remuneration Committee should: i. Review and recommend to the Board the size and composition of the Board and lead the development and ongoing review of the Board profile; ii. Identify individuals qualified to become Board members and members of the executive management, if requested; evaluate the candidates for executive management roles; evaluate the candidates proposed by the shareholders or by Board members for a director role and inform the GMS accordingly; iii. Make recommendations to the Board concerning committee appointments (other than the Nomination and Remuneration Committee); iv. Coordinate an annual evaluation of the Board, directors and committees in line with provisions set out in Principle A.5.; v. Assist the Board in fulfilling its responsibilities related to the Company's remuneration policy; vi. Assist the Board in the development of the succession plans for executive management, as well as the emergency succession plans and CEO search process, as required; vii. Oversee the administration of the Company's compensation and benefits plans.			x	It will be implemented
A: GOVERNING BODIES	A.4. The Board should establish committees which should assist the Board in the performance of its key responsibilities, dealing with strategic challenges and in managing sensitive issues with high potential for conflicts of interest.	A.4., 5	The role and responsibilities of Board committees should be defined in separate internal regulation (operating regulations) and disclosed on the Company's website. If the Company chooses not to establish any of the Board committees not required by law, the corresponding tasks and responsibilities shall be done by the Board and should be adequately stated in the Board's internal regulation.			x	It will be implemented
A: GOVERNING BODIES	A.4. The Board should establish committees which should assist the Board in the performance of its key responsibilities, dealing with strategic challenges and in managing sensitive issues with high potential for conflicts of interest.	A.4., 6	The evaluation of independence for the members of the committees, including when the members of the committees are appointed by the GMS, shall be carried out according to the same procedure applicable to the independent members of the Board.			x	It will be implemented
A: GOVERNING BODIES	A.4. The Board should establish committees which should assist the Board in the performance of its key responsibilities, dealing with strategic challenges and in managing sensitive issues with high potential for conflicts of interest.	A.4., 7	The chairpersons of the Audit Committee and Nomination and Remuneration Committee should not be the Chairperson of the Board or of any other committee, unless this is justified by the size of the Board.			x	It will be implemented
A: GOVERNING BODIES	A.5. The Board should set up robust Board operating procedures as well as Board evaluation and continuous development mechanisms to improve directors' skills and their ability to effectively deliver their responsibilities.	A.5., 1	The Board Chairperson is primarily responsible for ensuring that the Board functions properly. The Board's internal regulation should contain the role and responsibilities of the Board Chairperson and the Board Chairperson, at a minimum, should: • Determine the agenda of the Board meetings, chair such meetings and ensure that minutes are kept of such meetings; • Ensure the Board receives accurate, timely, useful, succinct information to enable the Board to make sound decisions; • Ensure the Board has sufficient time for consultation and decision-making; • Enable the Committees to function properly and that there is effective communication with Board committees, including actionable, insightful reports of committees back to the full Board; • Ensure the performance of the Board is evaluated and discussed at least once a year and disclosed as per provision D.1.3; • Ensure that the Board has proper working relationship with the executive management. The CEO and the Chairman of the Board (if positions are held by different individuals) shall meet regularly; • Address and manage internal disputes and conflicts of interest concerning Board members.			x	It will be implemented
A: GOVERNING BODIES	A.5. The Board should set up robust Board operating procedures as well as Board evaluation and continuous development mechanisms to improve directors' skills and their ability to effectively deliver their responsibilities.	A.5., 2	The Board should meet as often as necessary but not less than six (6) times a year.	x			

A: GOVERNING BODIES	A.5. The Board should set up robust Board operating procedures as well as Board evaluation and continuous development mechanisms to improve directors' skills and their ability to effectively deliver their responsibilities.	A.5., 3	The Board can request to designate the Corporate Secretary who should assist the Board in complying with its obligations under law, Board internal regulation and other policies. The Corporate Secretary should be a senior officer in the Company tasked with assisting the Board and its committees in organising their activities, in preparing for the meetings, annual Board and committee performance evaluation and director training programs, if the case.	x			
A: GOVERNING BODIES	A.5. The Board should set up robust Board operating procedures as well as Board evaluation and continuous development mechanisms to improve directors' skills and their ability to effectively deliver their responsibilities.	A.5., 4	The Board should clearly define the rights and responsibilities, scope of authority and other issues related to the Corporate Secretary.	x			
A: GOVERNING BODIES	A.5. The Board should set up robust Board operating procedures as well as Board evaluation and continuous development mechanisms to improve directors' skills and their ability to effectively deliver their responsibilities.	A.5., 5	The Board and its committees should develop and approve an annual internal work plan identifying topics to address during the year before the end of the previous year. The plan should take into account decisions that need to be proposed to the GMS, reporting by management and internal control functions, the required frequency of Board and Committee meetings, and should be reviewed by the Chairperson, assisted by the Corporate Secretary.			x	It will be implemented
A: GOVERNING BODIES	A.5. The Board should set up robust Board operating procedures as well as Board evaluation and continuous development mechanisms to improve directors' skills and their ability to effectively deliver their responsibilities.	A.5., 6	The Board should conduct an annual evaluation of the composition, activity and dynamics of the Board and its committees, individually and as a whole, and which should be coordinated by the Nomination and the Remuneration Committee.			x	It will be implemented
A: GOVERNING BODIES	A.5. The Board should set up robust Board operating procedures as well as Board evaluation and continuous development mechanisms to improve directors' skills and their ability to effectively deliver their responsibilities.	A.5., 7	The Nomination and Remuneration Committee should share the results of the Board evaluation with the whole Board and should then set follow up actions, if any, including professional development and training plans for the Board to fill gaps.			x	It will be implemented
A: GOVERNING BODIES	A.5. The Board should set up robust Board operating procedures as well as Board evaluation and continuous development mechanisms to improve directors' skills and their ability to effectively deliver their responsibilities.	A.5., 8	The Board's internal regulation should require Company orientation (induction) programmes for newly appointed directors, ensured by internal staff of the Company. The Board's internal regulation can also include references for ongoing director education program, if needed. The implementation of any orientation and ongoing trainings programmes for directors (as per the Board decision) is made under the oversight of the Nomination and Remuneration Committee, with the support of the Corporate Secretary. Based on the results of the annual board evaluation, the Nomination and Remuneration Committee jointly with the Board Chairperson shall develop professional development programmes focusing on the areas where capacity should be built among Board members.			x	It will be implemented
A: GOVERNING BODIES	A.6. Executive management is responsible for day-to-day management of the Company. The Board should ensure that the executive management is capable of effectively running the Company and that its composition, competence, roles and management incentives support the successful implementation of Company's strategy and plans.	A.6., 1	Executive management should run the Company and be accountable to the Board. Division of responsibilities between the Board and the executive management and between different members of the executive management should be clearly articulated in the Company's by-laws and the internal regulations of the Company.	x			
A: GOVERNING BODIES	A.6. Executive management is responsible for day-to-day management of the Company. The Board should ensure that the executive management is capable of effectively running the Company and that its composition, competence, roles and management incentives support the successful implementation of Company's strategy and plans.	A.6., 2	When Board Chairperson and CEO roles are exercised by one individual, the different responsibilities of the Board Chairperson and CEO should be clearly defined and distinguished in the Company by-laws.	x			

A: GOVERNING BODIES	A.6. Executive management is responsible for day-to-day management of the Company. The Board should ensure that the executive management is capable of effectively running the Company and that its composition, competence, roles and management incentives support the successful implementation of Company's strategy and plans.	A.6., 3	The Board should ensure that the executive management is comprised of persons with adequate knowledge, skills, diversity and experience to support successful Company performance and that there are measures in place to provide for the orderly succession of executive management.	x			
A: GOVERNING BODIES	A.6. Executive management is responsible for day-to-day management of the Company. The Board should ensure that the executive management is capable of effectively running the Company and that its composition, competence, roles and management incentives support the successful implementation of Company's strategy and plans.	A.6., 4	The Board, with the support of the Nomination and Remuneration Committee, should annually evaluate executive management's performance, the effectiveness of its cooperation with the Board, including the information provided to the Board.	x			
<b>B: RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK</b>							
B: RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK	B.1. The Company should have an adequate and effective internal control framework and an enterprise risk management framework, taking into account its strategy, size, complexity of operations and risk profile including potential environmental and social impact of its activities.	B.1., 1	The Board determines the nature and extent of the risks the Company is willing to take necessary for the achievement of Company's strategic objectives (i.e., the Company's risk appetite) and should ensure there are clear structures, policies and procedures in place that identify, evaluate, report, manage and monitor significant and emerging risks, including risks related to sustainability, cybersecurity and the use of digital technologies. The Board should explain in the annual report the mechanisms and processes in place to identify and manage risks.			x	It will be implemented
B: RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK	B.1. The Company should have an adequate and effective internal control framework and an enterprise risk management framework, taking into account its strategy, size, complexity of operations and risk profile including potential environmental and social impact of its activities.	B.1., 2	The Board should adopt a formal risk management policy, to ensure accurate, complete and timely identification, measurement and reporting of risks, adequate and feasible risk control measures as well as integration of an E&S risks into the risk management framework in support of the Company's strategy implementation.			x	It will be implemented
B: RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK	B.1. The Company should have an adequate and effective internal control framework and an enterprise risk management framework, taking into account its strategy, size, complexity of operations and risk profile including potential environmental and social impact of its activities.	B.1., 3	The Board and Audit Committee should understand emerging information technology and artificial intelligence-related changes so to mitigate cybersecurity risks. Time should be given to the AI risks and opportunities and cybersecurity on Board agenda to ensure understanding of cyber protection.			x	It will be implemented
B: RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK	B.1. The Company should have an adequate and effective internal control framework and an enterprise risk management framework, taking into account its strategy, size, complexity of operations and risk profile including potential environmental and social impact of its activities.	B.1., 4	The Company is recommended to establish a risk management function responsible for ensuring accurate, complete and timely identification of the risks, ensuring that adequate and feasible risk control measures are in place and monitoring the risk management procedures. The risk management function, through the Chief Risk Officer (CRO), where present, should have a direct communication and functional reporting to the Board and Audit Committee (if there is no separate Risk Committee).			x	It will be implemented

B: RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK	<b>B.1. The Company should have an adequate and effective internal control framework and an enterprise risk management framework, taking into account its strategy, size, complexity of operations and risk profile including potential environmental and social impact of its activities.</b>	B.1., 5	The Board with the assistance from the Audit Committee should at least annually assess the adequacy and effectiveness of Company's risk management and internal control framework (including operational and compliance controls) and make relevant recommendations. The assessment should consider the effectiveness and scope of the internal audit function, the adequacy of risk management and compliance, internal control reports, if they are required by applicable legislation, to the Audit Committee, management's responsiveness and effectiveness in dealing with identified internal control failings or weaknesses and submission of relevant reports to the Board.			x	It will be implemented
B: RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK	<b>B.1. The Company should have an adequate and effective internal control framework and an enterprise risk management framework, taking into account its strategy, size, complexity of operations and risk profile including potential environmental and social impact of its activities.</b>	B.1., 6	The Company should develop and make available on a free of charge basis on the Company's website a whistleblowing mechanism which would enable employees and stakeholders to make reports about suspected breaches or wrongdoings as per the applicable legislation in place.			x	It will be implemented
B: RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK	<b>B.2. The Audit Committee should assist the Board with ensuring the integrity of financial and non-financial reporting, establishing an effective risk management and internal control framework and maintaining an appropriate relationship with the Company's external auditors.</b>	B.2., 1	In addition to its responsibilities mentioned in legislation and elsewhere in the Code, the Audit Committee should: <ul style="list-style-type: none"> <li>· Review the Company's internal controls and risk management frameworks;</li> <li>· Oversee the development and application of the Company's policies on conflicts of interests and related party transactions;</li> <li>· Ensure independence and review the effectiveness of the Company's internal audit function and make a recommendation to the Board;</li> <li>· Oversee the internal audit function;</li> <li>· Oversee the preparation of sustainability-related reports and information included in them, unless this task is assigned to another committee;</li> <li>· Oversee the framework for ensuring the Company's compliance with applicable legal and regulatory requirements and internal regulations of the Company (like the procedures for reporting breaches of the law or the Company's Code of Conduct), unless this task is assigned to another committee.</li> </ul>			x	It will be implemented
B: RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK	<b>B.2. The Audit Committee should assist the Board with ensuring the integrity of financial and non-financial reporting, establishing an effective risk management and internal control framework and maintaining an appropriate relationship with the Company's external auditors.</b>	B.2., 2	Whenever the Code mentions reviews or analysis to be exercised by the Audit Committee, these should be followed by regular (at least annual) or ad-hoc reports to the Board.			v	It will be implemented
B: RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK	<b>B.2. The Audit Committee should assist the Board with ensuring the integrity of financial and non-financial reporting, establishing an effective risk management and internal control framework and maintaining an appropriate relationship with the Company's external auditors.</b>	B.2., 3	The Audit Committee should monitor the independence and objectivity of the external auditor. The Committee should approve a policy on the provision of permitted non-audit services by the external auditor in line with legal requirements and enforce implementation of that policy. Committee's findings regarding the independence of the external auditor should be disclosed in the annual report.			x	It will be implemented
B: RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK	<b>B.2. The Audit Committee should assist the Board with ensuring the integrity of financial and non-financial reporting, establishing an effective risk management and internal control framework and maintaining an appropriate relationship with the Company's external auditors.</b>	B.2., 4	The Audit Committee should discuss the annual audit work plan with the external auditor covering the scope and materiality of the activities to be audited. The audit committee should meet the external auditor as needed to discuss issues identified and to monitor the quality of the services provided.			x	It will be implemented
B: RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK	<b>B.3. The Board should ensure the independence of the internal audit function. Company's internal audit function should provide independent and objective assurance on the effectiveness of risk management framework and internal control framework.</b>	B.3., 1	The Board should ensure that the internal audit has the authority, resources and procedures adequate to assist the Board in ensuring effectiveness and efficiency of the Company's risk management and internal control framework.			x	It will be implemented

B: RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK	B.3. The Board should ensure the independence of the internal audit function. Company's internal audit function should provide independent and objective assurance on the effectiveness of risk management framework and internal control framework.	B.3., 2	To ensure fulfillment of the core functions of the internal audit function, the head of the function should be appointed by and report functionally directly to the Board via the Audit Committee, who shall be tasked with approving his/her appointment and dismissal. This is without prejudice to administrative reporting to the CEO and sharing information with the Company's executive management, in line with legal requirements and professional standards.	x			
B: RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK	B.3. The Board should ensure the independence of the internal audit function. Company's internal audit function should provide independent and objective assurance on the effectiveness of risk management framework and internal control framework.	B.3., 3	The internal audit function should be established in line with applicable legal requirements and industry standards (e.g., Institute of Internal Auditors). The internal audit authority, composition, remuneration, annual budget, working procedures and other relevant matters shall be regulated in separate internal audit's internal regulation approved by the Board, following the recommendation of the Audit Committee.	x			
B: RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK	B.3. The Board should ensure the independence of the internal audit function. Company's internal audit function should provide independent and objective assurance on the effectiveness of risk management framework and internal control framework.	B.3., 4	The Audit Committee should agree an annual internal audit work plan with the internal auditor, receive internal audit reports, updates on key audit issues, monitor implementation of recommendations of the internal audit and provide necessary guidance.	x			
<b>C: PERFORMANCE, MOTIVATION AND REWARD</b>							
C: PERFORMANCE, MOTIVATION AND REWARD	C.1. Members of the Board shall receive remuneration corresponding to the volume and weight of powers and their responsibilities, rather than the performance of management or the Company. The structure and amount of director's remuneration should enable the Company to attract, retain and motivate the competent and qualified directors.	C.1., 1	Board members should receive remuneration, as per the Remuneration Policy of the Company. Members who also serve on Board committees should receive additional remuneration for this work. But in no circumstances should the remuneration be linked to the number of board or committee meetings.	x			
C: PERFORMANCE, MOTIVATION AND REWARD	C.2. The Board shall ensure there is a formal and transparent policy and procedure for determining the remuneration of executive management that aligns with the long-term interests of the Company and the Company's strategy. This policy shall be presented, subject for approval, to the GMS in line with legal requirements.	C.2., 1	The Board should determine the annual remuneration of the executive management, based on the recommendations of the Nomination and Remuneration Committee and in accordance with the Company's remuneration policy. The remuneration policy should be prepared in accordance with the relevant legal requirements.	x			
C: PERFORMANCE, MOTIVATION AND REWARD	C.2. The Board shall ensure there is a formal and transparent policy and procedure for determining the remuneration of executive management that aligns with the long-term interests of the Company and the Company's strategy. This policy shall be presented, subject for approval, to the GMS in line with legal requirements.	C.2., 2	Levels of remuneration for executive management members and key performance indicators taken into account when determining variable (performance-based) part of the remuneration should be set in advance and be measurable and appropriate in relation to the agreed strategy and risk appetite, the economic environment within which the Company operates, and the pay and conditions of employees within the Company. In particular, they should include indicators related to non-financial performance and appropriate sustainability objectives.	x			
C: PERFORMANCE, MOTIVATION AND REWARD	C.2. The Board shall ensure there is a formal and transparent policy and procedure for determining the remuneration of executive management that aligns with the long-term interests of the Company and the Company's strategy. This policy shall be presented, subject for approval, to the GMS in line with legal requirements.	C.2., 3	Company's shares and/or share purchase options should represent a significant part (e.g., not less than 10%) of the executive management member's total variable remuneration.			x	

**D: DISCLOSURE AND INVESTOR RELATIONS**

D: DISCLOSURE AND INVESTOR RELATIONS	D.1. The Company should ensure adequate communications with shareholders, investors, regulators and other stakeholders and establish adequate systems for financial and sustainability reporting.	D.1., 1	The Company should make sure to provide accurate, complete and timely financial and operational information, including quarterly, half-yearly and annual reports, as well as current reports. Companies should ensure all relevant information is easily accessible to investors, including through the Company website and other public information sources, as the case may be.	x			
D: DISCLOSURE AND INVESTOR RELATIONS	D.1. The Company should ensure adequate communications with shareholders, investors, regulators and other stakeholders and establish adequate systems for financial and sustainability reporting.	D.1., 2	The Company is recommended to have an Investor Relations (IR) function and should appoint a dedicated person in charge of IR function. The contact details of the person or persons charged of the IR function shall be available on the Company's website. The IR function will report directly to the CEO/CFO, underscoring its significance within the Company's hierarchy and emphasizing its central role in managing and communicating the Company's capital market engagements and status. The Company should organise induction and regular training/courses, if needed, for the IR function, tailored to its specific needs and responsibilities.	x			
D: DISCLOSURE AND INVESTOR RELATIONS	D.1. The Company should ensure adequate communications with shareholders, investors, regulators and other stakeholders and establish adequate systems for financial and sustainability reporting.	D.1., 3	The Company should include on its corporate website a dedicated Investor Relations section, with all relevant information of interest for investors, available both in Romanian and English.	x			
D: DISCLOSURE AND INVESTOR RELATIONS	D.1. The Company should ensure adequate communications with shareholders, investors, regulators and other stakeholders and establish adequate systems for financial and sustainability reporting.	D.1., 3	The company should include on its Investor Relations section: <ul style="list-style-type: none"> <li>Main corporate regulations: updated articles of association, GMS procedures, board's internal regulation and board committees' internal regulations.</li> </ul>	x			
D: DISCLOSURE AND INVESTOR RELATIONS	D.1. The Company should ensure adequate communications with shareholders, investors, regulators and other stakeholders and establish adequate systems for financial and sustainability reporting.	D.1., 3	The company should include on its Investor Relations section: <ul style="list-style-type: none"> <li>List of current members of the Board, Board's Committees and executive management, providing an up-to-date information on independence status, professional CVs (containing at least: name, surname, gender, nationality, age; work experience by year, position and Company; studies, field of study and academic or professional institution granting the diploma), other professional commitments, including executive and non-executive Board positions in companies, not-for-profit institutions and state institutions; relationship with shareholders holding at least 5% of the voting rights/shares issued by the Company; the duration of the appointment of the members of the Board, the Committees and the executive management, specifying the date from which they were appointed.</li> </ul>			x	It will be implemented
D: DISCLOSURE AND INVESTOR RELATIONS	D.1. The Company should ensure adequate communications with shareholders, investors, regulators and other stakeholders and establish adequate systems for financial and sustainability reporting.	D.1., 3	The company should include on its Investor Relations section: <ul style="list-style-type: none"> <li>Current reports and periodic reports (quarterly, semi-annual and annual reports).</li> </ul>	x			
D: DISCLOSURE AND INVESTOR RELATIONS	D.1. The Company should ensure adequate communications with shareholders, investors, regulators and other stakeholders and establish adequate systems for financial and sustainability reporting.	D.1., 3	The company should include on its Investor Relations section: <ul style="list-style-type: none"> <li>Information related to GMS: the agenda, supporting materials and the decisions taken; procedure for running the GMS; the Nomination Policy; candidates' professional CVs (containing at least: name, surname, gender, nationality, age; work experience by year, position and Company; studies, field of study and academic or professional institution granting the diploma), as well as any other information presented at A.3.3; communication channel(s) for shareholders to address questions; answers to shareholders' questions related to the agenda; declarations of independence for board candidates and evaluations made by Nomination and Remuneration Committee/Board for candidates, including their compliance with independence criteria.</li> </ul>	x			
D: DISCLOSURE AND INVESTOR RELATIONS	D.1. The Company should ensure adequate communications with shareholders, investors, regulators and other stakeholders and establish adequate systems for financial and sustainability reporting.	D.1., 3	The company should include on its Investor Relations section: <ul style="list-style-type: none"> <li>Information on Board evaluation, made as per Provision A.5.7, including evaluation criteria and process, as well as a summary result of the evaluation and actions that have been or will be undertaken as a result of the evaluation.</li> </ul>			x	It will be implemented
D: DISCLOSURE AND INVESTOR RELATIONS	D.1. The Company should ensure adequate communications with shareholders, investors, regulators and other stakeholders and establish adequate systems for financial and sustainability reporting.	D.1., 3	The company should include on its Investor Relations section: <ul style="list-style-type: none"> <li>Information on corporate events, such as payment of dividends and other distributions to shareholders, or other events leading to the acquisition or limitation of rights of a shareholder, including the deadlines and principles applied to such operations. Such information should be published within a timeframe that enables investors to make investment decisions.</li> </ul>			x	It will be implemented

D: DISCLOSURE AND INVESTOR RELATIONS	D.1. The Company should ensure adequate communications with shareholders, investors, regulators and other stakeholders and establish adequate systems for financial and sustainability reporting.	D.1., 3	The company should include on its Investor Relations section: •Corporate policies, among which code of conduct, dividend policy, remuneration policy, forecast policy, policy for communication with investors, the corporate social responsibility (CSR)/sponsorship policy, policy for related parties' transactions, policy for diversity, equity and inclusion, and whistleblowing policy (if not already part of the Code of Conduct).			x	It will be implemented
D: DISCLOSURE AND INVESTOR RELATIONS	D.1. The Company should ensure adequate communications with shareholders, investors, regulators and other stakeholders and establish adequate systems for financial and sustainability reporting.	D.1., 4	The Company should organise at least two meetings/conference calls with analysts and investors each year. The information presented on these occasions should be published in the IR section of the Company website at the time of the meetings/conference calls.			x	It will be implemented
D: DISCLOSURE AND INVESTOR RELATIONS	D.1. The Company should ensure adequate communications with shareholders, investors, regulators and other stakeholders and establish adequate systems for financial and sustainability reporting.	D.1., 5	The Company should disclose the material and reportable non-financial and sustainability issues with emphasis on the disclosure of environmental, social and governance (ESG) issues of its business and operations in line with the recognized standard of sustainability reporting. The Company's sustainability statements shall be disclosed on its website.			x	It will be implemented
D: DISCLOSURE AND INVESTOR RELATIONS	D.1. The Company should ensure adequate communications with shareholders, investors, regulators and other stakeholders and establish adequate systems for financial and sustainability reporting.	D.1., 6	The Company should have a CSR/sponsorship policy to guide the activity in the area of supporting CSR activities and sponsorship.			x	It will be implemented
D: DISCLOSURE AND INVESTOR RELATIONS	D.2. The Company should ensure fair and equitable treatment of all its shareholders, as well as availability of all needed tools and information to allow shareholders to exercise their rights in relation to the Company.	D.2., 1	The Company should have a dividend policy as a set of directions the Company intends to follow regarding the distribution of net profit.			x	It will be implemented
D: DISCLOSURE AND INVESTOR RELATIONS	D.2. The Company should ensure fair and equitable treatment of all its shareholders, as well as availability of all needed tools and information to allow shareholders to exercise their rights in relation to the Company.	D.2., 2	The procedure for running the GMS should not restrict the participation of shareholders in GMS and the exercise of their rights. Amendments of the procedure for running the GMS should take effect, at the earliest, as of the next GMS.			x	It will be implemented
D: DISCLOSURE AND INVESTOR RELATIONS	D.2. The Company should ensure fair and equitable treatment of all its shareholders, as well as availability of all needed tools and information to allow shareholders to exercise their rights in relation to the Company.	D.2., 3	The external auditors should attend the shareholders' meetings where their reports are presented, in order to respond to shareholders' questions.	x			
D: DISCLOSURE AND INVESTOR RELATIONS	D.2. The Company should ensure fair and equitable treatment of all its shareholders, as well as availability of all needed tools and information to allow shareholders to exercise their rights in relation to the Company.	D.2., 4	The Board should present to the annual GMS a summary of the assessment of the adequacy and effectiveness of the risk management and internal control framework, as per the related information included in the annual report.	x			
D: DISCLOSURE AND INVESTOR RELATIONS	D.2. The Company should ensure fair and equitable treatment of all its shareholders, as well as availability of all needed tools and information to allow shareholders to exercise their rights in relation to the Company.	D.2., 5	The Company should stimulate engagement with shareholders and investors by: •Encouraging active shareholder participation in GMS, like ensuring conditions for virtual participation. •Holding regular briefings and updates for investors, especially during significant corporate events. •Establishing channels for shareholders to provide feedback and ask questions, ensuring responses are timely and comprehensive.			x	It will be implemented
D: DISCLOSURE AND INVESTOR RELATIONS	D.2. The Company should ensure fair and equitable treatment of all its shareholders, as well as availability of all needed tools and information to allow shareholders to exercise their rights in relation to the Company.	D.2., 6	Any professional, consultant, expert or financial analyst may participate in the shareholders' meeting upon prior invitation from the Chairperson of the Board. Accredited journalists may also participate in the GMS, unless the Chairperson decides otherwise.			x	It will be implemented
<b>E: SUSTAINABILITY AND STAKEHOLDERS</b>							

E: SUSTAINABILITY AND STAKEHOLDERS	<b>E.1. The Company should integrate sustainability aspects in its strategy and mitigate any material negative environmental and social impacts of its operations, to the possible extent.</b>	E.1., 1	The Board should ensure that sustainability, environmental and social considerations are integrated in the Company's strategy and operations, risk management and remuneration practices and shall oversee this integration. A specialised sustainability committee or one of the standing committees of the Board shall assist the Board with these tasks.			x	It will be implemented
E: SUSTAINABILITY AND STAKEHOLDERS	<b>E.1. The Company should integrate sustainability aspects in its strategy and mitigate any material negative environmental and social impacts of its operations, to the possible extent.</b>	E.1., 2	The Board should ensure that Company's operations run according to the national and international E&S standards and Company's E&S policies are consistent with its long-term objectives. In particular, the Company shall have internal acts relating to its responsibilities for environmental and social issues and policies and procedures that enable it to identify material factors and assess the impact on the Company's activities.	x			
E: SUSTAINABILITY AND STAKEHOLDERS	<b>E.1. The Company should integrate sustainability aspects in its strategy and mitigate any material negative environmental and social impacts of its operations, to the possible extent.</b>	E.1., 3	Whenever a decision to be approved by the Board has potential material and negative E&S impact, the Board should receive from the executive management (i) an analysis on how this decision is aligned with the Company's sustainability objectives and E&S policies or (ii) proposal of the measures to mitigate negative E&S impacts.			x	It will be implemented
E: SUSTAINABILITY AND STAKEHOLDERS	<b>E.2. The Company should have in place a process for identifying the stakeholders affected by Company's operations. The Board should take into consideration stakeholders' interests and ensure there is active communication between the Company and its stakeholders.</b>	E.2., 1	The Board should ensure that there is a formal stakeholder identification process for Company's stakeholders including investors, creditors, clients, employees and suppliers, as well as targeted approaches for engaging with its priority stakeholders.			x	It will be implemented
E: SUSTAINABILITY AND STAKEHOLDERS	<b>E.3. The Board should adopt a Code of Conduct with adequate scope including guiding principles which reflect the Company's commitment to ethics, integrity and quality of performance.</b>	E.3., 1	The Board should develop a purpose statement and a vision statement as well as articulate Company's values, so the entire organisation understands the Company's strategic direction.			x	It will be implemented
E: SUSTAINABILITY AND STAKEHOLDERS	<b>E.3. The Board should adopt a Code of Conduct with adequate scope including guiding principles which reflect the Company's commitment to ethics, integrity and quality of performance.</b>	E.3., 2	The Board should adopt a Code of Conduct for Board members, executive management and Company employees, with clear provisions aimed at preventing and sanctioning fraud and bribery. The Board should not permit any waiver of any ethics requirement by any director, executive manager or employee.			x	It will be implemented
E: SUSTAINABILITY AND STAKEHOLDERS	<b>E.3. The Board should adopt a Code of Conduct with adequate scope including guiding principles which reflect the Company's commitment to ethics, integrity and quality of performance.</b>	E.3., 3	The Board should ensure that the Code of Conduct policies are integrated into Company's practices and incorporated into the onboarding process for new hires. The Board should ensure the efficient implementation and monitoring of compliance with the Code of Conduct and periodically review it.			x	It will be implemented

## **RAPORTUL AUDITORULUI FINANCIAR INDEPENDENT**

**To the shareholders: S.C. "CONTED" S.A. Dorohoi**

### **Report on individual financial statements**

#### ***Opinie***

1. We have audited the attached financial statements of the commercial company CONTED S.A., (hereinafter referred to as the "Company"), with registered office in Dorohoi, str. 1 Decembrie 1918 no. 8, identified by unique identification code 622445, which comprise the statement of financial position as of December 31, 2025, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and the notes to the financial statements, including a summary of significant accounting policies..
2. The individual financial statements as of December 31, 2025 are identified as follows:
  - Net assets/Total equity: ..... 11.056.130 lei
  - Net result of the exercise: ..... 32.543 lei
3. In our opinion, the attached individual financial statements of S.C CONTED S.A. present fairly, in all material respects, the financial position of the Company as of December 31, 2025, as well as the results of its operations and cash flows for the financial year then ended in accordance with Order of the Minister of Public Finance no. 2844/2016 for the approval of the Accounting Regulations in accordance with International Financial Reporting Standards.

#### ***Basis for opinion***

4. We conducted our audit in accordance with International Standards on Auditing ("ISA"), EU Regulation no. 537 of the European Parliament and of the Council (hereinafter the "Regulation") and Law no. 162/2017 ("the Law"). Our responsibilities under these standards are further described in the "Auditor's Responsibilities in an Audit of the Financial Statements" section of our report. We are independent of the Company in accordance with the Code of Ethics for Professional Accountants issued by the International Ethics Standards Board for Accountants (IESBA Code), in accordance with the ethical requirements that are relevant to the audit of financial statements in Romania, including the Regulation and the Law, and we have fulfilled our ethical responsibilities in accordance with these requirements and in accordance with the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Key audit matters**

5. Key audit matters are those matters that, in our professional judgment, were of most significance in the audit of the financial statements of the current period. These matters were addressed in the context of the audit of the financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

### ***Key audit matters***

#### **1. Revenue recognition**

The turnover in total revenues represents a significant value, namely 26,967 thousand lei.

See Note 5 "Revenues"

The revenue recognition policy is presented in Note 3-"Accounting Policies" point g-"Revenue Recognition"

In accordance with International Auditing Standards, there is an implicit risk in revenue recognition, due to the pressure that management may feel in relation to achieving planned results.

The Company generates revenues based on contractual agreements concluded with its customers for the provision of services and the sale of products.

Revenues are recognized at the time of delivery of products/services to the customer, based on the established contractual conditions.

#### ***2. Existence and valuation of stocks***

According to Note 14 "Inventories", as of December 31, 2025, total inventories are worth 8,760 thousand lei and represent a significant percentage of the company's total assets, their valuation involving a high level of management judgment. These inventories consist mainly of raw materials, semi-finished products, work in progress and finished goods.

Inventories are valued, in principle, at the lower of cost and net realizable value.

Valuation at cost includes different components such as acquisition cost or production cost, including trade discounts received.

### ***Audit approach***

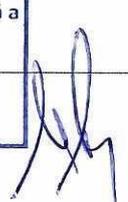

Our audit procedures included, among others:

- evaluating the principles of revenue recognition in accordance with IAS 18 "Revenue" and in relation to the company's accounting policies;
- testing the existence and effectiveness of internal controls as well as performing tests of details in order to verify the correct recording of transactions;
- examining the accuracy of the adjustments made by the company to comply with the principle of independence of the exercises, taking into account the delivery conditions and the contractual provisions regarding the delivery methods;
- testing on a sample basis the balances of trade receivables as of December 31, 2025 by sending confirmation letters;
- examining the sales register after the end of the financial year to identify significant credit notes issued and inspecting the relevant documentation to assess whether the related revenues were accounted for in the corresponding financial period;

Our audit procedures for testing the existence of inventories consisted mainly, but were not limited to, participating in the inventory of inventory items according to the Inventory Chart approved by management, including the reconciliation of the count performed by the auditor with that of the company representatives, the identification of any physically/morally depreciated inventories.

To validate the assessment of the acquisition/production cost of inventories, we performed tests of detail regarding the assessment in relation to the requirements of IAS 2 "Inventories".

We verified whether the estimates of net realizable value in relation to the selling price and we verified whether there were inventories

Regarding finished products, the net realizable value is estimated at the production cost.

that were sold with a negative margin by analysing recent sales invoices from January and February 2025.

### ***Other Information - Directors' Report***

6. The directors are responsible for the preparation and presentation of other information. That information includes the directors' report, but does not include the separate financial statements and the auditor's report thereon.

Our opinion on the separate financial statements does not cover this other information and, unless specifically stated in our report, we do not express any assurance conclusion thereon.

In connection with our audit of the separate financial statements for the year ended 31 December 2025, our responsibility is to read that other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or with our knowledge obtained in the audit, or appears to be materially misstated.

### ***Other reporting responsibilities regarding other information – Directors' Report***

7. With respect to the Directors' Report, we have read and report on whether it has been prepared, in all material respects, in accordance with the Order of the Ministry of Public Finance no. 2844/2016, points 15-19 of the Accounting Regulations in accordance with International Financial Reporting Standards.

Based solely on the activities carried out during the audit of the individual financial statements, in our opinion:

a) The information presented in the Directors' Report for the financial year ended 31 December 2025 for which the financial statements were prepared is consistent, in all material respects, with the financial statements;

b) the Directors' Report has been prepared, in all material respects, in accordance with OMFP no. 2844/2016, paragraphs 15-19 of the Accounting Regulations in accordance with International Financial Reporting Standards

In addition, based on our knowledge and understanding of the Company and its environment, obtained during the audit of the financial statements for the financial year ended December 31, 2025, we are required to report whether we have identified material misstatements in the Directors' Report. We have nothing to report in this regard.

### **Responsibilities of Management and Those Charged with Governance for the Financial Statements**

8. Management is responsible for the preparation and fair presentation of the financial statements in accordance with OMFP no. 2844/2016 for the approval of the Accounting Regulations in accordance with International Financial Reporting Standards and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

9. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Activității de Audit Statutar (ASPAAS)  
Auditor financiar:  
Nanea Marieana  
Registrul Public Electronic: AF 4554

10. Those charged with governance are responsible for overseeing the Company's financial reporting process.

### Auditor's Responsibilities in an Audit of Financial Statements

11. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance, a high level of assurance, is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from either fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

12. As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain sufficient appropriate audit evidence to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for not detecting a material misstatement resulting from error, as fraud may involve the misuse of confidential information, forgery, intentional omissions, misrepresentations, and the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but without expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

13. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

We evaluate the presentation, structure and content of the financial statements, including the disclosures, and the extent to which the financial statements reflect the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance, among other matters, the planned scope and timing of the audit and the main audit findings, including any significant deficiencies in internal control that we identify during the audit.

14. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and that we have communicated with them all relationships and other matters that may reasonably be thought to bear on our independence, and, where applicable, related safeguards.

15. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore key audit matters. We describe these matters in the auditor's report unless law or regulation prohibits public disclosure of the matter or unless, in extremely rare circumstances, we determine

Auditor's report unless law or regulation prohibits public disclosure of the matter or unless, in extremely rare circumstances, we determine

Activităţii de Servicii Financiare (ASPAAS)

Auditor financiar:  
Nanea Marieana  
Registrul Public Electronic: AF 4554

that a matter should not be communicated in our report because the public interest benefits are reasonably expected to outweigh the adverse consequences of such communication.

**Report on other legal and regulatory provisions – Report on compliance with the requirements of the ESEF Regulation on compliance with Commission Delegated Regulation (EU) 2018/815 (Regulatory Technical Standard on the Single European Electronic Reporting Format or ESEF)**

16. In accordance with Law No. 162/2017 on the statutory audit of annual financial statements and consolidated annual financial statements and amending certain regulatory acts, we are required to express an opinion on the compliance of the financial statements with the requirements of Commission Delegated Regulation (EU) 2018/815 of 17 December 2018 supplementing Directive 2004/109/EC of the European Parliament and of the Council with regard to regulatory technical standards on the specification of a single electronic reporting format (the “RTS requirements on ESEF”).

**Management Responsibility**

17. The Company's management is responsible for preparing the financial statements in digital format that comply with the RTS requirements regarding ESEF. This responsibility includes preparing the financial statements in the applicable XHTML format, including ensuring the consistency between the financial statements in digital format and the signed financial statements, and designing, implementing and maintaining internal controls relevant to the application of the RTS requirements regarding RTS

***Responsabilitatea auditorului***

18. Our responsibility is to express an opinion on whether the financial statements included in the annual report comply, in all material respects, with the requirements of the RTS on ESEF, based on the evidence obtained. We conducted our engagement in accordance with the International Standard on Assurance Engagements 3000 (Revised) Assurance Engagements Other than Audits or Reviews of Historical Financial Information (ISAE 3000), issued by the International Auditing and Assurance Standards Board.

A reasonable assurance engagement in accordance with ISAE 3000 involves performing procedures to obtain evidence about the financial statements' compliance with the requirements of the RTS on EFES. The nature, timing and extent of the procedures selected depend on the auditor's professional judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. Our procedures included evaluating the appropriateness of the format of the financial statements and evaluating the consistency between the digital financial statements and the signed and audited financial statements, stamped by us for identification purposes.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

***Opinion***

19. In our opinion, the financial statements of the Company, included in the annual report for the financial year ended 31 December 2025, have been prepared, in all material respects, in accordance with the requirements of the RTS regarding ESEF.

**Report on other legal and regulatory provisions**

20. We were appointed by the General Meeting of Shareholders on July 30, 2025 to audit the financial statements of S.C. CONTED S.A. for the financial year ended 31 December 2025.

We confirm that:

- i. Our audit opinion is consistent with the additional report presented to the Company's Audit Committee, which we issued on the same date as this report. We also maintained our independence from the audited entity in the conduct of our audit.
- ii. We did not provide the Company with prohibited non-audit services, referred to in Article 5(1) of Regulation (EU) No. 537/2014.
