Important events to be reported: H1 2026 Report

Green Tech International S.A. (hereinafter referred to as the "Company" or the "Group") informs the market about the publication of the financial report for the first half of 2026.

Horia Pitulea, CEO Green Tech International:

"In the first half of 2026, Green Tech International continued to make progress in line with its development strategy, recording an increase in operating activity and improved profitability. Total operating revenues reached RON 7.4 million in the first six months of 2026, up 28% compared to the same period of the previous year, while net profit doubled, supported by the increase in operating activity. As of 30 June 2026, Green Tech International's total assets amounted to RON 820.7 million, while shareholders' equity stood at RON 684.5 million. This financial position supports the Company's continued development plans and investments in harnessing geothermal resources.

Alongside our current performance, we continue to advance the projects aimed at unlocking the potential of the geothermal resources in our portfolio and transforming them into sustainable projects with long term economic impact. In the second half of the year, our priorities remain the implementation of strategic investments, improving operational efficiency and advancing strategic projects that can gradually contribute to the diversification of the Company's revenue streams. Green Tech International has a solid financial foundation to support this strategy, and our objective is to build, step by step, a relevant platform in the geothermal energy sector and generate sustainable value for our shareholders."

The interested parties can consult the report on the Company's official website, www.green-tech.energy, in the "Investor Relations" section, or by accessing directly the following link: https://green-tech.energy/reports/#reports.

The company is organizing on **September 3, 2026, starting 5:00 PM** (Romanian time), the videoconference for the presentation of the first half of 2026 results.

The videoconference will be held in Romanian. The stakeholders interested in joining the videoconference are asked to confirm their participation by registering at the following link:
