**Important events to be reported:** Safetech Innovations S.A.'s participation in the European CyberINTEL-X project

The management of Safetech Innovations S.A. (hereinafter referred to as the "Company") informs the market of its participation in the project "From Detection to Action – The Next Generation of Operational Cybersecurity for SOCs and CSIRTs" (CyberINTEL-X), carried out under the call HORIZON-CL3-2025-02-CS-ECCC – Increased Cybersecurity.

The project is an Innovation Action funded under the Horizon Europe programme. The granting authority is the European Cybersecurity Industrial, Technology and Research Competence Centre. The project has a duration of 36 months, and its international consortium comprises 23 partners.

The value allocated to the Company for its participation in the project is EUR 643,750, of which EUR 450,625 represents non-repayable funding.

CyberINTEL-X aims to develop an integrated suite of AI-powered tools and frameworks to strengthen Europe's operational cybersecurity capacity. The project focuses on real-time threat detection, the secure sharing of cyber threat intelligence, and coordinated crisis management across Security Operations Centres (SOCs), Computer Security Incident Response Teams (CSIRTs), including the CSIRTs Network, and national authorities.
