Important events to be reported: Inclusion in the Global Top 250 MSSPs for the third consecutive year

The management of Safetech Innovations S.A. (hereinafter referred to as the "Company") informs the market regarding the Company's inclusion in the Top 250 MSSPs 2026 ranking, compiled by MSSP Alert and CyberRisk Alliance. The ranking is an international recognition awarded to the world's leading managed cybersecurity service providers (Managed Security Service Providers).

In the 2026 edition, the Company ranked 151st globally, three positions higher than in the 2025 edition (154th), making Safetech Innovations the best-positioned Romanian company in the ranking.

This marks the third consecutive year in which the Company has been included in this ranking. The main criterion of the 2026 edition was the revenue generated from managed cybersecurity services.

This distinction confirms the Company's leading position in cybersecurity services. Its inclusion in the ranking comes on the back of continuous investments in monitoring, detection and incident response capabilities, supported by the Company's own Security Operations Center

(SOC) and the Safetech CERT (STI CERT®) team. The expertise of the team and the quality of services delivered to clients have also contributed to this result.
