Subscribed and paid-in share capital: 3,016,438,940

Regulated market on which the issued securities are traded: Bucharest Stock Exchange

**To: Bucharest Stock Exchange
Financial Supervisory Authority**

Important Event to Report: The Constanta Chamber of Commerce, Industry, Navigation, and Agriculture has issued Force Majeure Certificates to Nuclearelectrica, applicable to electricity supply contracts

S.N. Nuclearelectrica S.A. hereby notifies its shareholders and investors of the issuance, on August 10, 2026, of a series of Force Majeure Certificates by the Constanta Chamber of Commerce, Industry, Navigation, and Agriculture (CCINA), applicable to electricity supply contracts.

The issuance of the Notices of Force Majeure for Nuclearelectrica was based on the severe hydrological drought in the Danube River basin, which caused an exceptional drop in the river's flow and water level below the values necessary to ensure, under conditions of nuclear safety, the process water and cooling water supply for the Cernavoda Nuclear Power Plant (CNE), leading to the controlled shutdown of Unit 1 of the Cernavoda Nuclear Power Plant and, consequently, the inability to fully fulfill, from its own production, the contractual obligations assumed toward its contractual partners, beginning on July 27, 2026, and continuing for as long as the effects of the force majeure event and its consequences on the fulfillment of contractual obligations persist.

Furthermore, given the INHGA forecasts regarding the decline in the Danube River's water level, there is also the possibility of a controlled shutdown of Unit 2 of the Cernavoda Nuclear Power Plant.

Nuclearelectrica will provide its contractual partners with an estimate (to the extent that it is available at this time and without this being binding or imposing any obligation on the respective party) regarding the duration of the period during which it will be unable to fulfill its obligations.

Nuclearelectrica will use all commercially reasonable efforts to minimize the effects of the Force Majeure Event and, for as long as this Force Majeure Event continues, will provide its contractual partners with reasonably updated information, when and if available, regarding the duration of the period during which it will be unable to fulfill its obligations.

The Notices of Force Majeure were issued at Nuclearelectrica's request and constitute official statements of fact, issued in accordance with the law and in compliance with the contractual terms.
